Applique Foot

(BLA-AF)

Fits Models: Groups A, B, D, G, H

Managing curves and corners is easy when using the clear applique foot. With a shorter toe, better visibility, and an alignment marking on the foot, aligning with the fabric edge while stitching around an image is seamless.

Bias Binder Foot

(ESG-BB)

Fits Groups A, B, D, G, H, I*

This incredible foot will save you hours of work on your next binding project. Transform raw bias strips into perfectly precise binding. The bias binder foot will fold, feed, flatten and finish your binding for you with unbelievable accuracy – all you'll have to do is choose your favorite fabrics!

*The Group I machines require the BLQP-MB (Master Bracket) to use this and other accessories.

Bias Binder Foot - Adjustable

(ESG-ABB)

Fits Groups A, B, D, G, H

Attach 1/4" to 3/4" wide bias binding in place with either straight or decorative stitches using this adjustable foot. This is the foot for attaching prepackaged and pre-pressed binding. It's capable of handling a variety of binding widths and decorative stitches.

• High shank machines require adapter - BLTY-A

SEWING ACCESSORIES

General Purpose Zigzag Foot

(BLG-ZZ)

Fits Groups A, B, D, G, H

This presser foot is perfect for utility stitches and other standard functions. This is a handy accessory to have if your machine's original foot is misplaced.

Heavyweight Foot

(BLQP-HW)

Fits Group I

When sewing thick, lofty or high-pile fabrics like fleece, sherpa or faux fur, it's easy for fabric to get caught by the needle. This foot includes an inclined toe that gradually flattens the fabric as it feeds through your machine, preventing fabric from catching.

Hemmer Foot

(ESG-HF)

Fits Groups A, B, D, G, H, I

This hemmer foot is perfect for hems that are too small to do by hand. It automatically curls under a 3mm double hem while stitching with either a straight stitch or a decorative Parisian hemstitch. Works best on blouses, gowns and other projects with lightweight fabric.

Note: Group I will require BLQP-MB (Master Shank)

SEWING ACCESSORIES

Hemmer Foot 4mm

(BLA-HF4)

Fits Models: Groups A, B, D, G, H, I

Create a couture hem finish using the 4mm Hemmer foot. With the fabric positioned in the coil guide, the fabric edge is rolled to the inside and the hem is secured with the selected stitch (i.e. straight stitch). The end look is a perfectly even rolled hem. The 4mm Hemmer foot was designed for use with light to medium-weight fabrics. Looking for a slightly wider hem finish, the 6mm Hemmer foot is the perfect solution.

Note: Group I will require BLQP-MB (Master Shank)

Hemmer Foot 6mm

(BLA-HF6)

Create a couture hem finish using the 6mm Hemmer foot. With the fabric positioned in the coil guide, the fabric edge is rolled to the inside and the hem is secured with the selected stitch (i.e. straight stitch). The end look is a perfectly even rolled hem. The 6mm Hemmer foot was designed for use with light to medium-weight fabrics.

Note: Group I will require BLQP-MB (Master Shank)

Jeans Foot

(BLA-JF)

Fits Groups A, B, G, I

Note: Group I will require the Master Shank (BLQP-MB)

The Jeans Foot is the ideal addition to every sewists accessory stash whether a garment maker, tote bag/bag maker, home décor enthusiast or that sewist that sews everything. With the spring action feature on the Jeans Foot, navigating hems, seams and specialty techniques using medium to heavy weight wovens, knits and specialty fabrics is a breeze. As the foot glides over a thick area, the stitch length remains consistent for a flawless looking hem or seam.

Master Shank

(BLQP-MB)

Fits Group I

Open a world of new techniques using this innovative ankle with your machine (BL530B, BL520B, BL500A, BLQP). The master shank allows you to attach and use a wider variety of optional snap on feet.

Monogramming N+ Foot

(BLSA-MF)

Fits Group A, B, D, G, H

Make your mark with this foot. The wide open toe provides great visibility and a larger range of motion for your needle, making appliqué, wide decorative stitches and free-motion monograms easy.

SEWING ACCESSORIES

Monogramming Foot

Use the Open Toe Sole with your Compact Digital Dual Feed Foot or Digital Dual Feed Foot for better visibility while sewing. It's ideal for more accurate placement of stitches.

Overcasting Foot

(BL66-OF)

Fits Groups A, B, D, G, H

This foot delivers a consistent and accurate overcasting stitch for a serged effect using your sewing machine. Thread is locked around the edge of fabric and aligned with the edge to prevent fabric from unraveling.

SEWING ACCESSORIES

Overcasting Foot

(BLG-OF)

Fits Groups A, B

This foot delivers a consistent and accurate overcasting stitch for a serged effect using your sewing machine. Thread is locked around the edge of fabric and aligned with the edge to prevent fabric from unraveling.

Pearl and Piping Foot

(ESG-PP)

Fits Groups A, B, D, G, H

Pearls and piping are just the beginning! You'll have many creative options for surface embellishments that can be applied with ease and speed. Attach beads up to 4mm, make and apply piping up to 1/4" in diameter, and even attach cording.

Pintuck Foot

(ESG-PF)

Fits Groups A, B, D, G, H

Pintucks are a beautiful way to add texture to a classic heirloom or everyday garment. The five grooves on this foot allow for perfect spacing with professional results. This foot allows for precision pintucking when making corded and hollow tucks, as well as parallel and curved forms.

*Adapter only TA-0119

SEWING ACCESSORIES

Quilting Bar

(ESG-QB)

Fits Groups A, B, D, G, I

This quilting bar is great for guiding exact rows of topstitching. Adjust the bar for the width that you need. This guide bar works wonderfully with the walking foot.

***Group I - use with Master shank BLQP-MB**

Quilting Guide

(BLG-QG)

Fits Groups B and G

This convenient quilting guide aligns equally spaced rows of parallel topstitching. This quilting guide can also be used with the walking foot.

Quilting Leather Roller Foot

(BLSO-LRF)

Fits Groups A, B, D, G, H

Use this foot for perfect stitching along tight curves, such as the fingers of gloves. It also is a useful foot for quilting. Achieve a free-motion result with the confidence of having the machine feed the fabric.

***Requires adapter for high shank machines BLTY-A**

Rolled Hem Foot

(BLQP-RH)

Fits Group I

This foot is designed for hems that are too small to sew by hand. It automatically curves under a 3mm double hem while stitching with a straight stitch. This foot includes a built-in shank and works best on blouses, gowns, and other projects with lightweight fabric.

Roller Foot

(ESG-RF)

Fits Groups A, B, D, G, H, I

This roller foot is designed for controlling materials that are difficult to feed, such as silk, leather, velvet, vinyl, micro fibers and suede. The textured rollers help move the foot freely across various fabric thicknesses without any damage or impressions.

***The Group I machines require the BLQP-MB (Master Bracket) to use this and other accessories.**

Roller Foot - Metal

(BLSO-RF)

Fits Groups A, B, D, G, H

The roller foot is designed to control materials that are difficult to feed, such as silk, leather, velvet, vinyl, micro fibers and suede. The metal rollers help move the foot freely across various fabric thicknesses without any damage or impressions.

SEWING ACCESSORIES

Ruffling Foot

(BLA-RF)

Fits Groups A, B, G and Model BL40 (Excludes ESE2/ESE, ESL, ESN)

Create stunning pleats/ruffles with ease when using the Ruffling Foot. With the option to customize the depth and spacing it is possible to create pleats/ruffles that are structured and refined or detailed and elegant. Simply attach the Ruffling Foot, make the desired adjustments and stitch, adding an upscale detail to any project.

1/4" Ruler Foot

(BLQP-RF)

Fits Models BL500A, BLQP, BL520B, BL530B

Create stunning designs using rulers or templates when using the 1/4" Ruler foot. With a width of 1/2" and height of 1/4" a stable edge is created. Add the open toe for visibility and the squared-off back giving the ruler a space to rest while stitching this foot is a match for anyone interested in ruler/template quilting.

Ruler Foot - High Shank

(BL-HOTRF)

Fits Models BLAE, BLAN, BLAR, BLBA, BLCH, BLCR, BLDY2, BLDY, BLJY, BLRA-LT, BLRA, BLSA3, BLSA2, BLSA, BLTA2, BLTA, BLTY

Quilt beautiful designs using rulers and acrylic templates with the Open Toe Ruler Foot. This 1/2" wide foot is designed to give you a 1/4" radius from the needle and the 1/4" height of the foot allows for stability when using high shank and long-arm style rulers. The foot is squared off under the ankle to give space for the ruler to sit while stitching.

Ruler Foot - Low Shank

(BL-LOTRF)

Fits Groups A, B, D, G, H

Quilt beautiful designs using rulers and acrylic templates with the Open Toe Ruler Foot. This 1/2" wide foot is designed to give you a 1/4" radius from the needle and the 3/16" height of the foot allows for stability when using 3/16" low shank rulers. The foot is squared off under the ankle to give space for the ruler to sit while stitching.

***Excluding B models listed for part BL-HOTRF**

Seam Guide

(BLQP-SG)

Fits Group I

Attach this adjustable seam guide to the throat plate of your machine to achieve precise seams. Simply run your fabric along the guide edge for perfect seam allowances every time.

Seam Guide

(BLG-SG)

Fits Groups A, B, C and Model BL40 (Excludes BL67, BL66, ESL, ESP, INT, BLMS)

Attach this adjustable seam guide to the throat plate of your machine to achieve precise seams. Simply run your fabric along the guide edge for perfect seam allowances every time. It is capable of sewing seams from 5/8" to 1/4".

SEWING ACCESSORIES

Sequin & Decorative Trim Foot

(BLSO-STF)

Fits Groups A, B, D, G, H

This foot allows you to add different types of sequins and ribbons to your projects for unique embellishments. The adjustable guide on the foot and groove underneath the presser foot allows the trims to feed with ease.

Side Cutter Foot

(BLG-SCF)

Fits Groups A, B, G (Excludes BL67, BL66)

To simulate a serged stitch on a sewing machine, nothing comes closer than the side cutter foot. Easily sew an overcasting stitch to lock thread around the edge of fabric, perfectly aligned with the edge. This convenient foot even trims raw edges with the built-in knife blade.

Stitch Guide Foot

(BLG-SGF)

Fits Groups A, B, D, G, H

This foot was designed for projects that require the utmost accuracy, such as garments, topstitching or piecing while quilting. The built-in ruler is perfect for keeping your measurements precise at all times.

Stitch-in-the-Ditch Foot

(BLSO-SDF)

Fits Groups A, B, D, G

The Stitch-in-the-Ditch Foot delivers perfect stitching in the pieced seam ditches on your quilt or in the seams of any project.

Stitch-in-the-Ditch Sole for the Compact & Digital Dual Feed Foot

(BLDY-SDDF)

Fits Models BLAN, BLAR, BLBA, BLCH, BLCR, BLDY2, BLDY, BLJY, BLRA-LT, BLRA, BLSA3, BLSA2, BLSA, BLTA2, BLTA, BLTY

Using the Compact Digital Dual Feed Foot or the Dual Feed Foot, this sole delivers perfect stitching in the pieced seam ditches on your quilt or in the seams of any project.

Straight Stitch Foot

(BLG-SS)

Fits Group B

Reduce puckering on lightweight fabrics and prevents delicate fabrics from jumping and shifting. The small opening on the foot provides support as the needle travels through the fabric, preventing flagging.

SEWING ACCESSORIES

Straight Stitch Foot

(ESG-SSL)

Fits Groups A, B, D, G, H

Reduce puckering on lightweight fabrics and prevent delicate fabrics from jumping and shifting, with the Straight Stitch Foot. The small opening on the foot provides support as the needle travels through the fabric, preventing flagging.

Straight Stitch Needle Plate & Foot

(BLMAC-SS)

Fits Models BL210A, BL220B, BLMAV2, BLMAV, BLMLR, BLMSP, BLMVE

Use the straight stitch needle plate when sewing thin fabrics or when sewing small pieces that tend to sink into the hole of the regular needle plate during sewing.

***Only for machines with needle plate sensors**

Teflon Coated Foot

(ESG-TF)

Fits Groups A, B, D, G, H

Use this nonstick foot to easily feed fabrics that tend to cling to ordinary feet. It is perfect for creating straight and decorative stitches on leather, plastic, vinyl, suede and other demanding fabrics.

Vertical Stitch Alignment Foot

(BLSO-VF)

Fits Models BLAN, BLAR, BLBA, BLCH, BLCR, BLDY2, BLDY, BLJY, BLRA-LT, BLRA, BLSA3, BLSA2, BLSA, BLSY, BLTA2, BLTA, BLTY

For precision and accuracy on topstitching, such as hems to help maintain a fixed distance from the edge of the fabric.

Very Narrow Foot

(BLQP-VN)

Fits Group I

Attach thick, bulky, or beaded trims with a close, precise stitch leaving little to no space between cords and trims - using this foot can create the tiniest of seam allowances.

Walking Foot

(BLQP-WF)

Fits Group I

The walking foot is ideal for quilting or for fabrics that stretch or slip easily, such as velvet and corduroy. You won't believe how helpful this foot is for aligning plaids and other difficult patterns.

SEWING ACCESSORIES

Walking Foot

(BLG-WF)

Fits Groups A, B, D, G, H

The walking foot is designed for quilting or for fabrics that stretch or slip easily, such as velvet and corduroy. You won't believe how helpful this foot is for matching up plaids and other difficult patterns.

Walking Foot with Guides

(BLQP-QGWF)

Fits Group I

The walking foot is wonderful for sewing or quilting fabrics that stretch or slip easily, such as velvet and corduroy, to feed multiple layers evenly without shifting. The quilting guides are great for aligning exact rows of parallel topstitching that are equally spaced.

Walking Foot with 2 Guides - Low Shank

(BLDW-L2)

Fits Groups B, D, G, H

This exclusive foot includes feed dogs that control and guide multiple layers evenly. It includes three interchangeable soles, a standard sole, open toe sole and stitch-in-the-ditch sole, as well as two quilting bars to guide your topstitching in either direction.

***For high shank machines attach the adapter (included with the machine) to the presser bar first.**

Dynamic Walking Foot with Standard and Open Toe Sole

(BLSA-WF)

Fits Groups A, B, D, G, H

The Dynamic Walking Foot is wonderful for fabrics that stretch or slip easily, such as velvet or corduroy. This foot has a set of feed dogs that help feed multiple layers evenly and comes with two easily interchangeable soles: a standard sewing sole and an open toe sole.

Walking Foot Soles for BLSA-WF

(BLSA-WFS)

Fits BLSA-WF

These soles fit on the Dynamic Walking Foot BLSA-WF. This set contains a 1/4" guide sole, a Stitch in Ditch sole and Long Quilting Guide. These soles have a guide that extends in front of the sole for precise alignment of the fabric. The opening for the needle is not limited to center needle and allows layers to feed evenly with no puckering. The quilt bar will extend in front of the sole and can be used on the left or the right side. (Cannot connect to the left when the automatic needle threaders is used.)

SEWING ACCESSORIES

Zipper Foot

(BLG-WZF)

Fits Groups A, B, D, G, H, I

This is a standard foot for inserting zippers, snap tape and more. The toe of the foot is narrow for more visibility and precision. Adjust the needle to either the right or left to sew both sides of your zipper easily. You can also use it to attach piping or decorative cording.

***The Group I machines require the BLQP-MB (Master Bracket) to use this and other accessories.**

Zipper Foot

(BLQP-ZF)

Fits Group I

The zipper foot for inserting zippers, snap tape and more. The toe of the foot is narrow for more visibility and precision. Adjust the foot to either the right or left to sew both sides of your zipper easily. You can also use it to attach piping or decorative cording.

Zipper Foot - Invisible

(ESG-IZF)

Fits Groups A, B, D, G, H

For invisible zippers with a professional appearance, this is the right foot to use. The zipper coils act as the guide for this foot, allowing for perfectly positioned stitches that won't show on the outside of your garment.

Zipper Foot - Invisible

(BLQP-IZF)

Fits Group I

For invisible zippers with a professional appearance, this is the right foot to use. The zipper coils actually act as the guide for this foot, allowing for perfectly positioned stitches that won't show on the front of your garment.

Zipper Foot - Narrow

(ESG-ZF)

Fits Groups A, B, G (Not for ES1/ES12)

This is the ideal sewing foot for inserting zippers, snap tape and more. The toe of the foot is narrow for more visibility and precision. Adjust the needle to either the right or left to sew both sides of your zipper easily. You can also use it to attach piping or decorative cording.

SEWING ACCESSORIES

LONGARM QUILTING

Hopping Foot Conversion Kit

(BLQ-HFK)

Fits Models BLCJ18, BLTR16

This kit is used to convert the one-piece hopping foot found standard on a Crown Jewel (BLCJ18) or Tiara (BLTR16) to a two-piece system that allows you to interchange your quilting feet. With this system, you can switch from a standard hopping foot to an open toe hopping foot depending on your quilting needs.

Maestro Frame

(BLMQF10 & BLMQF12)

Fits Models BLRG20

The 10' and 12' Maestro frame is made of steel, has 2 quilt loading options, a batting storage pole, and has height adjustable legs.

Maestro Frame 4" Height Increase Kit

(BLMQF-HK)

Fits Model BLMQF10, BLMQF12

Increase the height of your Maestro frame by 4 inches. The 4 inches is in addition to the height adjustability of the frame itself.

Laser Light Stylus

(BLCT16-LL)

Fits Models BLCJ18-3, BLCJ18-2, BLCJ18, BLCT16, BLJ18, BLTR16-3, BLTR16-2, BLTR16

The laser light (for use with pantographs) attaches to a mounting post with a clamp. The mounting post attaches to a threaded hole on the thread-path side of Baby Lock longarm machines.

Maestro Frame Light Bar

10' (BLMQF-LT10)

12' (BLMQF-LT12)

Fits Models BLMQF10, BLMQF12

The light bar is conveniently mounted to the Maestro frame, giving you more floor space on both sides of your frame. Choose either the 10' or 12' light bar, made to fit your frame.

LONGARM QUILTING

Baby Lock Light Bar

BLCJ18-3, BLCJ18-2, BLCJ18, BLCT16, BLGT15, BLGT18, BLRG20, BLRG20ST, BLRT18, BLTR16-3, BLTR16-2, BLTR16

10' Light Bar - BLQ-LIGHT10-2

2' Extension - BLQ-LIGHT2-2

5' Light Bar - BLQ-LIGHT5-2

The Baby Lock Light Bar features a special True Color balanced lighting system that's perfect for artists and crafters to reduce glare and soften shadows, while enhancing details and textures. Can be resized to fit most any quilting frame, cutting table or work area. A 2-foot extension is also available (does not work with 5-foot bar).

Includes:

- Adjust the height and length to fit your sewing room.
- Low wattage LED lights produce more light with less power.
- Add the 2-foot extension to create a 12-foot light bar.

Maestro Frame Drawer

BLMQF-DRAWER

Fits Models BLMQF10, BLMQF12

EMBROIDERY ACCESSORIES

1" x 2½" Embroidery Hoop and Grid

(EF73)

For compatible machines, refer to the hoop chart.

Small embroidery projects such as clothing, cuffs and polos require a small hoop for the best stability. For these, use the 1" x 2½" (20mm x 60mm) hoop. There's also a grid to help you precisely align your designs. This hoop is specifically made for your Baby Lock machine, so it fits perfectly and is recognized by machine sensors (on machines with this feature).

1" x 2½" Embroidery Hoop and Grid

(EF82)

For compatible machines, refer to the hoop chart.

Small embroidery projects such as children's clothing, cuffs and polos require a small hoop for the best stability. For these, use the 1" x 2½" (20mm x 60mm) hoop. There's also a grid to help you precisely align your designs. This hoop is specifically made for your Baby Lock machine, so it fits perfectly.

1" x 2½" Embroidery Hoop

(EF61)

For compatible machines, refer to the hoop chart.

Small embroidery projects such as children's clothing, cuffs and polos require a small hoop for the best stability. For these, use the 1" x 2½" (20mm x 60mm) hoop. There's also a grid to help you precisely align your designs. This hoop is specifically made for your Baby Lock machine, so it fits perfectly.

4" x 4" Embroidery Hoop and Grid

(EF74)

For compatible machines, refer to the hoop chart.

Many embroidery designs fit perfectly in a 4" x 4" (100 mm x 100 mm) hoop. This is the size for many popular apparel projects. There's also a grid to help you precisely align your designs. This hoop is specifically made for your Baby Lock machine, so it fits perfectly and is recognized by machine sensors (on machines with this feature).

4" x 4" IQ Intuition Hoop

(EF74S)

For compatible machines, refer to the hoop chart.

Use this hoop in combination with the IQ Intuition Positioning App. Hoop has a special coded feature that is read by the App so it can transfer information to coordinating machines. There is also a grid to help you align your designs.

4" x 4" Embroidery Hoop and Grid

(EF83)

For compatible machines, refer to the hoop chart.

Many embroidery designs fit perfectly in a 4" x 4" (100 mm x 100 mm) hoop. This is a great size for many popular home décor and apparel projects. There's also a grid to help you precisely align your designs. This hoop is specifically made for your Baby Lock machine, so it fits perfectly.

EMBROIDERY ACCESSORIES

4" x 4" Embroidery Hoop

(EF62)

For compatible machines, refer to the hoop chart.

Many embroidery designs fit perfectly in a 4"x 4" (100mm x 100mm) hoop. This is a great size for many popular home décor and apparel projects. There's also a grid to help you precisely align your designs. This hoop is specifically made for your Baby Lock machine, so it fits perfectly.

4" x 6⁷/₁₀" Embroidery Hoop

(EF71)

For compatible machines, refer to the hoop chart.

The 4" x 6⁷/₁₀" (100mm x 170mm) multi-position hoop is an excellent go-to for embroidery on most home décor and apparel. There's also a grid to help you precisely align your designs. This hoop is specifically made for your Baby Lock machine, so it fits perfectly.

4" x 7" Continuous Border Hoop and Grid

(BLSO-BF)

For compatible machines, refer to the hoop chart.

Easily embroider continuous designs by gliding fabric through the hoop, ensuring design precision and effortless rehooping. A 4" x 7" (100mm x 180mm) area can be embroidered with each rehooping.

4" x 12" Continuous Border Hoop and Grid

(BLMA-CBH)

For compatible machines, refer to the hoop chart.

The larger 4" x 12" (100mm x 300mm) border hoop allows you to use larger border designs and accommodates multiple repeats of smaller designs. You can embroider borders faster with less time spent hooping the fabric.

5" x 7" Embroidery Hoop and Grid

(EF75)

For compatible machines, refer to the hoop chart.

The 5" x 7" (130mm x 180mm) hoop is an excellent go-to for embroidery on most home décor and apparel. There's also a grid to help you precisely align your designs. This hoop is specifically made for your Baby Lock machine, so it fits perfectly and is recognized by machine sensors (on machines with this feature).

5" x 7" IQ Intuition Hoop

(EF75S)

For compatible machines, refer to the hoop chart.

Use this hoop in combination with the IQ Intuition Positioning App. Hoop has a special coded feature that is read by the App so it can transfer information to coordinating machines. There is also a grid to help you align your designs.

EMBROIDERY ACCESSORIES

5" x 7" Embroidery Hoop and Grid

(EF84)

For compatible machines, refer to the hoop chart.

The 5"x 7" (130mm x 180mm) hoop is an excellent go-to for embroidery on most home décor and apparel. There's also a grid to help you precisely align your designs. This hoop is specifically made for your Baby Lock machine, so it fits perfectly.

5" x 12" Embroidery Hoop and Grid

(EF85)

For compatible machines, refer to the hoop chart.

Some projects are a bit longer than standard hoop sizes; for projects needing a little extra room, use the 5"x 12" (130mm x 300mm) multi-position hoop. There's also a grid to help you perfectly align your designs. This hoop is specifically made for your Baby Lock machine, so it fits precisely.

6" x 6" Embroidery Hoop and Grid

(BLMA-150)

For compatible machines, refer to the hoop chart.

The 6" x 6" (150mm x 150mm) hoop fits numerous types of projects, but its square shape is especially helpful when adding embroidery to quilt blocks. There is also a grid to help you align your designs.

6¼" x 10¼" Embroidery Hoop and Grid

(EF81)

For compatible machines, refer to the hoop chart.

Some projects are a bit longer than standard hoop sizes; for projects needing a little extra room, use the 6¼" x 10¼" (150mm x 250mm) hoop. There's also a grid to help you precisely align your designs.

7" x 12" Embroidery Hoop and Grid

(EF76)

For compatible machines, refer to the hoop chart.

Don't waste time repositioning your fabric on large projects. Get a hoop that can fit it all! The 7"x 12" (180mm x 300mm) hoop is great for large projects, and there's also a grid to help you precisely align your designs. This hoop is specifically made for your Baby Lock machine, so it fits perfectly and is recognized by machine sensors (on machines with this feature).

8" x 8" Embroidery Hoop and Grid

(EF91)

For compatible machines, refer to the hoop chart.

The 8"x 8" (200mm x 200mm) hoop fits numerous types of projects, and is particularly useful for embroidery on quilt blocks. There is also a grid to help you precisely align your designs. This hoop is specifically made for your Baby Lock machine, so it fits perfectly and is recognized by machine sensors (on machines with this feature).

EMBROIDERY ACCESSORIES

8" x 12" Embroidery Hoop and Grid

(EF92)

For compatible machines, refer to the hoop chart.

The 8" x 12" (200mm x 300mm) hoop will fit large projects so you don't have to worry about excessive fabric repositioning. It's perfect for jacket backs, large wall hangings and other big projects. There is also a grid to help you precisely align your designs. This hoop is specifically made for your Baby Lock machine, so it fits perfectly and is recognized by machine sensors (on machines with this feature).

9½" x 14" Embroidery Hoop and Grid

(EF95)

For compatible machines, refer to the hoop chart.

The 9½" x 14" (240mm x 360mm) hoop will fit large projects so you don't have to worry about excessive fabric repositioning. It's perfect for jacket backs, large wall hangings and other big projects. There is also a grid to help you precisely align your designs. This hoop is specifically made for your Destiny Baby Lock machine.

9½" x 14" IQ Intuition Hoop

This kit for your Baby Lock Acclaim, Enlighten, Imagine Wave, Victory and Celebrate includes additional feet to help you expand your creative options. These 10 feet come in a convenient carrying case.

Kit includes:

- Beading Foot
- Elastic Foot
- 5mm Cording Foot
- Blind Hem Foot
- Ruffling Foot
- Clear Foot
- Flat-Sole Foot
- 3mm Cording Foot
- Lace Applicator Foot
- Teflon Foot

Beading Foot

(BL460B-BF)

Fits Model BL460B, BL097

Serge pearls, piping, cording and more to the edge of fabric with ease and speed. This one-step foot will give all of your surface embellishments a professional finish.

4-THREAD SERGER

Blind Hem Foot .5mm

(BL460B-BLHF5)

Fits Model BL460B, BL097

Looking for a quick, easy way to make your hems invisible? This foot was designed specifically for easily stitching a blind hem for fine medium fabrics. You can also use this foot for quick edge stitching along fabric edges.

Blind Hem Foot 1mm

(BL460B-BLHF1)

Fits Model BL460B, BL097

Looking for a quick, easy way to make your hems invisible? This foot was designed specifically for easily stitching a blind hem on medium/heavy fabrics. You can also use this foot for quick edge stitching along fabric edges.

Cording Foot

(BL480A-CF)

Fits Model BL480A

This special sewing foot is used for sewing decorative cording and piping as it finishes the seam in one operation.

Cording Foot

(BL460B-CF)

Fits Model BL460B, BL097

This foot easily serges decorative cording and piping as it finishes the seams in one step. It also adds stability as you serge by keeping the material flat.

Elastic Foot

(BL450-EF)

Fits Model BL450

This foot provides even tension every time to prevent pulling and tugging on the needle. The adjustable guide and tension dial allow you to serge elastic with a finished uniform stretch.

Elastic Foot

(BL460B-EF)

Fits Model BL460B, BL097

Confidently serge elastic by letting this foot take care of all the work. This foot provides even tension every time to prevent pulling and tugging on the needle. The adjustable guide and tension dial allow you to serge elastic with a finished uniform stretch.

4-THREAD SERGER

Elastic Foot

(BL480A-EF)

Fits Model BL480A

This special serger foot is for sewing on elastic. In the same operation, the fabric is trimmed, serged and gathered by the constriction of the elastic tape.

General Purpose Foot

(BL480A-GP)

Fits Model BL480A

The serger has the convenience of a snap-on presser foot. The raised markings on the toe of the foot are seam line guides. They indicate the needle positions to help guide your fabric for accurate seaming.

Ruffling Foot

(BL480A-RF)

Fits Model BL480A

This serger foot is used for joining two pieces of fabric while ruffling the bottom layer in one easy operation.

Ruffling Foot

(BL460B-RF)

Fits Model BL460B, BL097

Easily make and attach ruffles as well as finish your edge in one simple step. Add perfectly spaced ruffles to garments, pillows, and other home décor items. This ruffling foot works on all fabric types.

Baby Lock Serger 6 Foot Kit

(BL460B-FEET)

Fits Model BL460B, BL097

Do more creative techniques with your Baby Lock serger when you add additional feet.

Kit includes:

- 0.5mm Blind Hem Foot
- 1mm Blindhem Foot
- Cording Foot
- Elastic Foot
- Beading Foot
- Ruffling Foot

Serger Tool Kit

(BLSGTK)

This Premium serger tool kit has all the tools you will need to accompany your serging projects. The kit includes Double Curved Havel's Scissors, Ultra-Pro Seam Ripper, Bulk 3½" Double Eyed Needles, and a Fabric Control Tool.

SASHIKO FEET AND ATTACHMENTS

Sashiko Accessory Kit

(BLQKACCKT)

Fits Models BLQK2, BLQK

This set of accessory attachments will change the way you use your machine. Try new techniques and discover creative opportunities you didn't realize were possible. These 7 attachments come in a sturdy, zippered, canvas bag with an extra latch wire, too!

Kit includes:

- 1/4" Plain Hemmer
- 1/2" Plain Hemmer
- 1/4" Single Downturn Feller
- 5/8" Single Downturn Feller
- 1" Single Downturn Feller
- Sashiko Braiding Guide
- Sashiko Latch Wire

Braiding Guide

(BLQK-BG)

Fits Models BLQK2, BLQK

Small braids can be guided in front of the foot and stitched down by the machine, much like a braiding foot. Perfect for small, flat trims and braids.

General Purpose Foot

(BLQK-GP)

Fits Models BLQK2, BLQK

This foot is perfect for all of your machine's standard functions and a great accessory to have on-hand if your original foot is misplaced.

Latch Wire

(BLQK-LW)

Fits Models BLQK2, BLQK

The latch wire is located in the front of the needle which slides in the needle groove in order to open and close the eye of the needle. The latch wire plays an important role for creating stitches.

Quilting Guide

(BLQK-QG)

Fits Models BLQK2, BLQK

This Quilting Guide is shaped so it glides smoothly over fabrics to help align seams or equally spaced parallel rows of topstitching. Attach this Quilting Guide to either the left or right side and adjust the bar for the width you need.

THE BABY LOCK EXPERIENCE

There's always something exciting to learn, to experience, or to be inspired by when you own a Baby Lock product. But what inspires us? To put it simply—you.

Baby Lock and our independent retailer network are committed to sewers like you. Together, we provide the highest quality products and services not available through mass retailers, and we can meet your sewing needs better than anyone else.

Whether you're looking for product information or a recommendation on your next machine, you can count on your Baby Lock retailer to help you choose the sewing machines that best fit your needs. Well-trained on the Baby Lock line, they're your friendly, trusted advisor—someone who will guide you through the features and innovations that make sewing so much fun.

When we have problems with our car, many of us turn to a mechanic. Well, think of your Baby Lock retailer as the expert you rely on for another very important machine—your Baby Lock! They'll always go the extra mile for you, acting as your go-to resource for troubleshooting, training and the support you need to get the most out of your machine. If you want to learn more about a new technique, search out that perfect notion, or share an idea with someone, they'll be there for you.

WHY SHOP SMALL?

By choosing a Baby Lock retailer for your sewing needs, you not only enjoy a more distinctive personal experience, but you're also helping build a community. Stop by your local authorized Baby Lock retailer and get to know them. They'll be happy to share all the wonderful Baby Lock products that will bring your love of sewing to life.
