A Note From Marie

First and foremost, let me say thank you. Almost a year ago, Wisconsin would issue a safer at home order and businesses that were non-essential would need to close or do curbside service due to the Covid-19 pandemic. At that point, there was so much fear and uncertainty. Not only with Sew Pieceful, but the world at large. My girls here were champions and we found a way forward together as a staff, but also with you, our customers. Thanks to all of you, we were able to send over 8,000 mask kits into the Tomahawk community and surrounding areas. We were also able to ride through the beginning and lengthening part of the pandemic due to your continued support, love and generosity. As I have looked back on the past year, even with all of the difficulties, there has been a strength of spirit and community that has grown out of the heartbreak. We continue to adjust and adapt to the growing changes and challenges that we all face. As we find new ways in order to reach out to you, please feel welcome to let us know your thoughts and how we are doing. In the coming weeks, we are planning on launching a monthly mini series, learning how to hold

virtual classes, and will be starting Facebook Live sessions. We hope that you will join us as we continue forward in this ever changing world. Know that you are not just our customers, but our family as well and we are ever grateful for our quilting family. Stay safe and healthy and "Bringing Generations together under one roof!" we cannot wait to see you the next time you decide to visit. And remember, we will ship to you too! 118 W.
