THE FLYING SEWING MACHINE

by her love of sewing with her granddaughters, Nancy decided to write this children's book on sewing. An adorable story for any little kid, this book follows the story of a day in the life of the fictional town called Sewland. What quilter wouldn't love to actually live in this cute town!

MAGIC PINS

Introducing Magic Pins! These pins are our latest fun find in notions! With silicone heads, these pins are heat resistant so that you don't have to worry about accidentally ironing over them and melting plastic into your fabric and iron. Not only are the heads heat resistant, but the silicone helps to create an easy to pick up comfortable grip when you reach for your pins!

THE MARTI MITCHELL LOG CABIN CLUB

We have been cooking up some fun new ideas for classes and clubs here at Sew

Pieceful that offer you new techniques on classic quilts. Our first new technique on a classic quilt that we are offering is a 9 month club, creating 3 variations on the log cabin block. Using Marti Mitchell's book and ruler system. We have never found an easier or more exact way to create a log cabin block! Our first project is the Log Cabin Snuggler using fabric from the Portofino line from QT Fabrics! (Top Right) Our second project is called Round Pegs in Square Holes! Using two different widths for your strips in your block, creates this truly one of a kind curved log cabin! (Bottom Right) Sandy is working on the third project, and there will be more details to come! Make sure to keep an eye on your email to make sure you don't miss the sign-up for this fun new club!
