

Gathered Baby Charm

Start with one or 2 charm pack and a Junior Jelly Roll

Step one. Lay out your charms in preferred layout in rows and columns and sew charms together by row

Step 2 – Sew basting stitch on either side of the jelly roll strip (depending on width you might have to join 2 strips) – I used the biggest stitch on my machine and sewed about 1/8" from edge. Gather the strip to the length of the charm pack row

Step 3 Pin gathered jelly roll strip to charm pack rows and continue sewing together
