

Birds of a Feather Quilt Guild Embroidery CD

Some of the wonderful characters you will find on our newest Steampunk CD and on our fabric, Steampunk Stitchery representing some of the wonderful women from your local quilt guild.

**Mrs. Beverly
Buttons**

Mrs Beverly Buttons is the collector of sewing things. She lovingly puts her collections into all sorts of containers, keeping them safe for a rainy day. She is a strong believer that one can never have too much stuff. She is the one everyone calls when they need something to finish a project. Mrs Buttons has everything. She will find a use for everything, she values everything, she is loved by all. She could be the hoarder in the group.

Olive Oil

Olive Oil is the peace maker. She keeps all things oiled and working together smoothly. When there is a problem, she comes to the rescue to smooth things over by oiling the situations with understanding and kindness.

Stella Steamer

Stella Steamer is the most experienced in the group. She is quick to see the wrinkles and creases of others and will then offer her opinion and advice. Her words can cut but she will make sure things are ironed out in the end. She plays no games and tells it like it is. She keeps the group plugged in and involved. She is the leader in the society.

Zelda Zipper

Zelda Zipper is the gossip in the group. The one that knows everyone's business and loves to share it with others. She is not malicious, yet things can sometimes backfire on her. If you want to get to the bottom of the issue, just call Zelda. She is a busy-body and no one can out talk her. She has sometimes been asked to just zip it!

Miss. Peggy Pins

Miss Peggy Pins is the anchor of the group. She pins the group together with her generous spirit and the love for her fellow society members. She holds down the fort when trouble arises and goes out of her way to bring people together. She is the "steady Eddy" in the group, never shifting and always staying firmly anchored.

Penny Pursette

Penny Pursette is the youngest member in the group. The baby sewer who looks to others for advice and help. She is a saver. She covets new machines, more fabric and more supplies, yet she is thrifty. She is always looking for a deal. She brings a lot of excitement and energy to the group. She is loved and protected.

All of the embroidery images (Birds of a Feather), matching fabric (Steampunk Stitchery) and quilt patterns (The Guilded Age) are available on our website and through QT Fabrics. All designs and images are protected by copyright laws.
