

Advanced Foundation Paper Piecing Class

Take your skills to the next level in this Advanced Foundation Paper Piecing class focused on the **No-Tear Technique**. This is not a beginner class—students must already be comfortable with traditional F.P.P. methods, including accurate fabric placement, stitching on printed lines, trimming, and assembling multi-section blocks. You'll learn how to piece clean, complex designs without ripping away paper, resulting in flatter blocks, sharper points, and a smoother finish. Perfect for experienced F.P.P. quilters who want precision, efficiency, and a more refined final product.
