Includes 18 hours of instruction, *The New Quick & Easy Block Tool*, and *Perfect Piecing*. (The two resources will be handed out the first class.)

Have you been itching for a new hobby? Well, bring your sewing machine and hold on to your chairs during this intense crash course as you learn the basics of quilting. Participants will be submersed in a world of quilting that includes terminology, color theory, equipment, fabric, patterns, and hands on participation. Over the duration of the class participants will make a sampler quilt which will consist of 12 different blocks and assemble those blocks into a quilt top with sashing and border. After that challenge has been achieved, participants will be walked through the next few steps to having their quilt finished. When all is said and done, participants will have a 56" x 80" sampler quilt.

Course Objectives

- Thread a sewing machine correctly.
- Identify sewing equipment and demonstrate the correct use of each.
- Use quilting terminology correctly.
- Apply color theory to the selection of fabric for a quilt.
- Interpret a diagram to assemble a quilt block.
- Assemble a quilt top consisting of 12 blocks, sashing, and border.
- Evaluate factors in relationship to the desired look of a finished quilt.
