

Quilt As You Go Supply List

Barb Krieg

The point of Quilt As You Go is to build the whole quilt in manageable pieces so then you can quilt your quilt on a domestic machine. This 2 day 10 hour class will show you 4 techniques in constructing quilts. We will cover quilting your blocks with hands on experiences in class the first session. The second session will cover sewing them all together in a finished project. It's easier than you think.

Supply List:

We will be practicing Quilting so we will need practice fabrics. These could simply be quilt sandwiches (top fabric, batting layer and backing fabric). 8" Or even 12" work great and any size in between. Some students have made a quilt using their blocks. Solid fabrics work better to see your quilting.

Also, as a bonus, we will make the string quilt block. Bring scraps (grocery bag 1/2 full) and 9" squares of batting. You will make a few more at home and bring them to the 2nd class and learn you put the quilt together.

Sewing Machine

Walking foot

Stitch in the ditch foot (not mandatory)

1/4" foot

Free motion Foot

Painters Tape 2"ish or what ever size you already have

Paper and pencil/pen for note taking

Cutting Matt

Rotary cutter

Ruler 8 1/2 x 24 1/2 I find this a nice size to work with.

12 1/2 square if you have one.

Seam Ripper

Pens

Binding Clips

Scissors

Thread

Quilting needle for sewing machine

We will talk about various basting glues, quilting gloves, marking pens, batting, and basting spray. Bring what you have.
