3 Class sessions, 4 hours each

Limit: 8 students

Sewing Level – Advanced Beginner. Must have a good knowledge of your sewing machine.

**Pattern needed: Treasures & Trinkets byAnnie**

### Class Description

Learn bag-making skills that will translate to other byAnnie projects (cut & label pieces, handbag zipper installation, sewing with vinyl, making bias binding, using Kathy's binding hack,). Store, protect, and organize sewing supplies, jewelry, or other small treasures in these handy "small train" cases that are available in 3 sizes. The unique folding design and removable pods (which are optional) allow you to easily separate and protect multiple sizes and types of items. A top handle makes transporting easy, and a zippered closure keeps everything safe. Great bag to contain your embroidery tools and flosses. I use a Medium T&T bag to hold all sewing machine feet and supplies for my sewing machine. Many tips and tricks will be shared.

**Pre-class Prep:** (Prep time = 2-3 hours)

All fabric must be quilted, cut and labeled before class, read pages 1-2. Make copy of the label pages #8, 9, & 10 and save your originals. Please Note: cutting dimensions are listed as *height x width* of fabric (see page 2, *I. Cut & Quilt*). **Call me if you have any questions. Betsy Russell 734-883-8515**

### Materials:

Select your bag size and see the back of the pattern for fabric requirements and materials needed. You will want to use 4.5mm byAnnie Handbag Zippers. byAnnie Zippers- by-the-Yard are quite economical with this project. For fusible interfacing, use Pellon SF101 (Shape-Flex). I used 1" piece Velcro instead of the Sew-in Snap. I recommend using non-directional fabrics.
