Innov-is BQ3050

Overview

If you've ever dreamed of making incredible quilts, then the Innov-is BQ3050 is for you. This versatile advanced sewing and quilting machine is vital for those who love quilting. The Sew Straight Laser Vision Guide makes it easy to sew straight lines, and is a huge benefit when quilting, piecing, pin-tucking and aligning rows of stitches. With the V-Sonic Pen Pal for sewing, simply touch the fabric with the sensor pen for needle placement, setting the stitch width and the endpoint. You'll also love working on our large workspace, and the included wide table, expanding your workspace even more! The BQ3050 Quilters Bundle includes an open toe foot for MuVit expanded visibility of the needle area, a Stitch In The Ditch Dual Feed Foot for more efficient feed movement, a dual feed 1/4" guide foot to easily sew heavy fabrics in a straight line, a dual feed quilting guide to help you stitch straighter lines, couching dual feed foot to easily sew heavy fabrics in a straight line, and a two-spool thread stand which can hold up to two king thread spools.

Built-in stitches, buttonhole styles and fonts

- 561 sewing stitches (531 built-in, 30 on CD), 14 one-step auto-size buttonhole styles, 3 sewing fonts, and 5 sewing lettering fonts.

5.0" x 11.25" spacious workspace for large quilts

- A dream for any quilter, with the capacity to accommodate large quilts and projects.

Color LCD touch screen display

- Large 3.6" x 6.0" display with accessibility to view on-screen tutorials and control the machine with the intuitive on-screen icons.

Sew Straight Laser Vision Guide

- It's never been easier to sew straight lines. This is a huge benefit when quilting, piecing, pintucking and aligning rows of stitches.

V-Sonic Pen Pal for sewing

- Touch the fabric with the sensor pen for needle placement, setting the stitch width and setting the endpoint - simply touch and sew.

MuVit Digital Dual Feed

- Use the direct motor-driven foot to powerfully feed fabric from the top and bottom, giving you greater control.

Automatic Height Adjuster (AHA) feature

- The AHA feature helps ensure consistent stitch length on all fabric thicknesses by keeping the presser foot pressure consistent regardless of fabric thickness, leading to consistent stitch quality across uneven surfaces.

Pivot function

- The presser foot automatically lifts as the needle remains lowered for fast and easy fabric manipulation.

10" LED lighting

- No more task lights needed, making it easy on the eyes!
