charm square scarf tutorial

 Easy

Original Recipe can be found at www.modabakeshop.com

Hi, my name is Trish and I blog over at notes of sincerity. Today I am going to teach you how to create a fun and cozy scarf for those cooler days that lie ahead.

Ingredients:

1 charm pack of Patisserie by Fig Tree Quilts for Moda
20" x WOF* of flannel in desired choice

This is actually a very easily adjustable pattern that you could increase or decrease the length of your scarf depending on what you prefer. You could also use your favorite scraps of fabric.

Instructions:

First, you will need 34 of the 5" charm squares. So pick out your favorites and place side by side in sets of two. When the desired pairs are matched, stack together.

Original Recipe can be found at www.modabakeshop.com

Sew each pair using a ¼" seam (I prefer using a chain stitch method.).

You now have 17 pairs, give seams a good little press with a hot iron.

Original Recipe can be found at www.modabakeshop.com

Open pairs and press to one side.

Sew pairs together, locking center seams that are ironed in opposite directions ...

Original Recipe can be found at www.modabakeshop.com

... until you have the full length of the scarf.

Again, press those newly sewn seams with a hot iron. Then press in one direction. Cut flannel in two strips measuring $9\frac{1}{2}$ " x WOF*. Sew both pieces together, end to end with RST*, press seam with a hot iron, open and iron to one side, then cut to $76\frac{1}{2}$ ".

Original Recipe can be found at www.modabakeshop.com

Pin scarf front to scarf back, RST*.

Begin sewing around perimeter with a ¼" seam. Secure beginning and ending stitches, leaving a gap you will be able to put your hand in to, enabling you to turn it right side out. Once scarf is sewn, clip the corners below seams, in order to bring corners to a nice point once turned right side out. Give seams a press with a hot iron.

Original Recipe can be found at www.modabakeshop.com

Turn right side out, pushing out corners to a point. Press perimeter carefully, making sure it lies flat.

Sew around the perimeter using a “scant” $\frac{1}{4}$ ” seam. Secure seams at beginning and ending of stitches.

Original Recipe can be found at www.modabakeshop.com

Yield:

One 9" x 76" cute and snuggly scarf that looks cute with a denim jacket and makes a fun Christmas gift for those special ones in your life.

*RST = right side together

*WOF = width of fabric
