

BELIZE

JUNE 26 – JULY 3, 2027

Join us for a scuba and snorkeling getaway to Blackbird Caye Resort on Turneffe Atoll, Belize – home to the largest and most biodiverse atoll in the Caribbean. Dive pristine reef walls, swim-throughs, and channels alive with eagle rays, turtles, and nurse sharks, or explore the shallow reef right off the beach with a mask and fins. Non-divers aren't left out either – their package includes daily boat trips out to the reefs for snorkeling, so everyone gets to experience Turneffe's underwater world.

Between dives, unwind in thatched-roof cabanas steps from the water, savor home-style Belizean meals, and watch the sun set over the atoll. With small-group boat dives and a laid-back island pace, this trip is the perfect way to explore one of Belize's most untouched marine environments.

A \$500 deposit will hold your spot and final payment will be due 90 days from departure.
