

MANITOBA, CANADA ULTIMATE BEARS & BELUGAS SUMMER ADVENTURE TOUR!

JULY 14 – 20, 2027

Contact AliMiller@DenverDivers.com
or 303-399-2877 to sign up today!

Denver Divers & Lazy Bear Expeditions are bringing you to Churchill, Manitoba, Canada for a true adventure of a lifetime. The "Ultimate Bears & Belugas Summer Adventure" includes chances to come face to face with Beluga Whales, view Polar Bears in their natural habitat and much, much more! During the summer months 60,000 Beluga Whales come to the Hudson Bay to feed, mate and give birth in the warm, shallow waters. Along the coastline, Polar Bears are leaving the melting sea ice, exploring their arctic summer and swimming along the shore.

Your seven-day expedition will be packed with activities, including Beluga AquaGliding, Polar Bear viewing from land and sea and a summer tundra tour on the signature Lazy Bear Expeditions Arctic Crawler. While not quite snorkeling, Beluga AquaGliding is the best way to see this most curious whale species while protecting them from human interference. During your AquaGlide, you will be dressed in arctic snorkel gear before adventuring to your floating platform to submerge your face into the water where you will witness many Belugas playing in the wake behind the boat and checking YOU out as well.

As one of Time Magazine's Top 100 Greatest Places, Churchill, Manitoba is a destination you don't want to miss! Sign up today - a \$1,000 deposit will secure your spot and interim payments will be due beginning March, 2026.
