

MALDIVES LIVEABOARD

“THE BEST OF THE MALDIVES”

MARCH 23 – APRIL 6, 2028

Join us on “The Best of the Maldives” liveaboard route through the southern atolls, including the famous Fuvamulah. The Maldives are known for not only their pristine coral reefs with rainbows of colors. They are also known for big animal diving. Animals we hope to encounter include manta cleaning stations, large schools of jacks, schools of grey reef sharks, silky sharks, whale sharks at night and tiger sharks!

This unique route is not only truly exceptional for the length and distance we can cover, it is also off the normal beaten path most liveaboards follow, so you are in for a one of a kind experience.

NOTE: Mandatory 100 logged dives, nitrox, and advanced open water diver certification required.

A \$1,000 deposit will hold your space. Final payment due 60 days from departure.
