Updates

Stoll provided the following updates from Public Works:

- The excessive rain bogged down the lift stations and caused the City to implement water use restrictions in an attempt to decrease the amount of wastewater being discharged into the sewer system.

Meanwhile, staff kept a watchful eye on the lift station pumps, and Stoll purchased pump parts to have on hand in the event of pump failure.

- Stoll will be contacting the contractor this week to bore the sewer line to the pool.
- Bucket truck is in the shop after a hydraulic line hose blew during an electric job.
- Public Works will begin fogging for mosquitos this week and will distribute dunks as well.
- Williams requested the weeds in the sidewalk in front of the library be addressed and noted the lawn to the north of the library needs mowed as well. Stoll noted he was aware and will get staff on it.

Chief of Police, Stephen Schaffer:

Updates

- Schaffer has received three complaints from citizens about feral cats. He wanted the Council to be aware that he is looking into some possible solutions the City could pursue, including TNR (trap - neuter - release). He asked if the Council would be opposed to him holding some type of Town Hall meeting to present a slide show about feral cats to citizens. Mixed feelings were expressed at the table.
- Twenty-six seat belt tickets were written by our officers for the Click It or Ticket campaign. Schaffer will share numbers about the program on Facebook.

Amendment to Fireworks Ordinance

Atherton presented an ordinance amending the discharge and sale regulations for the 4th of July holiday. Williams moved and Dale seconded to adopt Ordinance 681. Motion passed unanimously.

Council Concerns

Williams asked that we remind citizens to pull their trash carts up after trash day is completed. Atherton said she will do a Facebook post and an email blast. Williams asked for Haven Police Department to share the post as well.
