## Beginning Collage

### --Supplies--

**Teacher: Mindy Lennon**

Pick a Laura Heine collage pattern that you wish to make. Please avoid any pattern that says it's "painterly" style collage. This is a different collage method that we don't currently teach.

### Fabric

You will need a large variety of florals and in varying scale for the basic collage portion of class. You'll also need a large variety of small amounts of prints ranging from small scale to large scale. Focus mostly on medium-scale prints because they are the most useful for the patterns. You can also look for fun novelty prints you might want to include in your design.
