

Mystery #40

Part 2

Mark the wrong side of your 16 $3\frac{1}{2}$ " green squares along one diagonal.

Position on to opposite corners as below on your 6 $\frac{1}{2}$ " squares. Stitch on your marked lines. Trim off corners leaving $\frac{1}{4}$ " seam allowance. Press green corners out.

Now position two more green squares onto the other two corners and repeat the above steps. You have now created a square in a square. Repeat to make four. Each unit should measure 6 $\frac{1}{2}$ " x 6 $\frac{1}{2}$ "

With right sides together stitch your red and pink $1\frac{1}{2}$ " x 6 $\frac{1}{2}$ " strips together. Press to the red fabric. Make four of these units.
