

Watermelon Rope Trivets

Supply List

April 17, 2026

Supplies:

- Sewing machine 🧵
- Extension table 🧵
- Pattern (free pattern available at <https://www.shabbyfabrics.com/free-downloads-and-video/610/how-to-make-a-watermelon-trivet>)
- Rope (I used the Kimberbell rope, so soft and easy to stitch through!) 🧵
 - Pattern makes three trivets, so to follow the pattern you will need 33 yds minimum
- Fabrics (per the pattern, again makes three): 🧵
 - ½ yd red/pink
 - ¼ yd lt. green
 - ½ yd dk. green
- Glue stick (QS fabric glue stick is my favorite!) 🧵
- 90/14 needle (I normally use universal, but if you have a harder rope maybe use a 90/14 topstitch needle or a 100/16 jeans/denim needle) 🧵
- Sewing threads: 🧵
 - pink/red w/ matching bobbin
 - lt. green w/ matching bobbin
 - dk. green w/ matching bobbin
- Standard sewing supplies 🧵
