## SEWING VACUUM

Coin Purse with Screen  
Aug. 10, 2022

Fabric pocket	6 ½" x 8"
Fabric edge binding	two – 6 ½" x 2 ½"
Fabric ring holder	2" x 1 ¼"
Plastic window screen	8" x 6"
Metal key ring (Optional)	1" diameter
Zipper	8" or longer
Zipper Pull (Optional)	6" x 1 ¼"
Velcro – Sew in	4"
Thread—match fabric	
Chalk marker or equivalent	

1. Create pocket. Fold wrong sides together length wise to create 6 ½" x 4". Press. Sew velcro strip centered near folded edge.
2. Place pocket on pet screen with 6 ½" raw edge 3 ½" from 6" edge and centered (Velcro facing up). Sew ¼" seam across raw edge. Flip pocket up and top stitch over bottom edge. Place other section of Velcro on pet screen centered under first piece of Velcro and stitch.
3. Create edge binding by folding in half with wrong sides together to create 6 ½" x 1 ¼". Press. Fold raw edges in towards pressed fold, press to create edge binding.
4. Encase 6" raw edges of pet screen with bindings. Edge stitch. Trim binding to edge of pet screen.
5. Place zipper under bound edge closest to pocket with zipper head to left edge, edge of binding should be about 3/16" to ¼" from zipper teeth and metal stopper should be outside of seam allowance. Open zipper and edge stitch in place. Repeat for other side of zipper.
6. Prepare ring holder by pressing in thirds to create narrow 2" length. Fold over ring with raw edges in inside.
7. Unzip zipper 2/3" open and place right sides together with 1/8" of pet screen above zipper binding and pocket centered on back. Place ring and holder in side seam under zipper with ½" of ring holder sticking out of raw edge. Stitch side seams, stitching multiple times over zippers. Trim zipper at raw edge. Finish raw edges of both side seams.
8. Turn right side out.
