

Mystery # 12 - Part 2

- Using your smaller white triangles and your 8" main print square. Stitch one triangle to one side of your 8" square, using $\frac{1}{4}$ " seam and centering the long side of your triangle onto one side of your square. Press.

- Now stitch remaining two triangles to the remaining sides of your square. Press. You now should have a finished block that is a square in a square that looks like this.

- Trim dog ears

- Using your dark pink $1\frac{1}{2}$ " strips, add a narrow border to each side of this block. Sew two opposite sides first, press, trim.

- And repeat for the remaining two sides. Your block should now look something like this.
