

Wine Cozy Instructions

By Jackie McCarthy, 2021

Materials

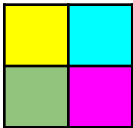

1 Charm pack - makes 7!

OR six (6) - 5" squares per cozy

Instructions

- Press 4 squares in half and press with right sides OUT
- Lay the pressed squares so they make a square by overlapping each corner. Raw edges will be on the outside. It will appear to be a four square. I like to "fussy" layer my folded squares to make a pleasing arrangement and each one different.

- Pair two other 5" squares wrong sides together and place them on top of "four patch". (Square next to four patch will be on the bottom of cozy when turned inside out in final step.)
- Stitch $\frac{1}{4}$ seam around the square pivoting at corners.
- Trim each corner being careful not to cut through stitching.
- Turn right side out pushing out corners through the center of 4 patch.

Finally

Push wine stem base through four patch center! **CHEERS!**
