5. Lisa Burbank - presented a plat map for Town Council approval before going to Hansen & Associates. They could use the existing private lane for the new lot. If any additional lots are added to the current private lane, the road improvements would have to be made to meet the 60 ft (24' road with 36' utility) easement and will be in effect as long as the current zoning is in place. Utility easement can still be farmed, but no permanent structures could be built within the easement. Lisa paid the \$210 (ck # 3817) plat map fee to Deweyville Town.
