

Darren Hunsaker had a question about how something is grandfathered. Council Member Spackman explained that it is property that is established before the rules were established. But if the owner tries to change things then it is no longer grandfathered. Hunsakers had a conditional use permit before there were zoning laws for a trailer and he wants to replace the old trailer with a newer double wide trailer.

7. Mass Casualty Trailer- There is some concern about keeping the trailer in the new fire station. Access may be an issue. But our Fire Dept would be involved in the mass casualty anyway so access would be available.
8. Newsletter Discussion—Everyone needs to get their information together and submitted to Mayor Kendrick.
9. Discussion of fee schedule--There was a discussion of the fee schedule. Names and phone numbers need to be changed.
10. Discussion of sidewalk funds--Council Member Taylor attended a conference on CIB grant funds for the walking trail. CIB does not fund for walking trails but he will look for other grants and let Council Member Taylor know.

Unfinished Business:

11. Fire District Information, Emergency Management--nothing new
12. Deweyville Fire Station Progress Report--The fire station is 75% finished. Todd Bingham is following up on the tasks to be finished. Council Member Spackman will get a sink to install.

Council Member Reports:

13. Water and Roads (Nathan Spackman)--Robby Thayne is working on a new well site on the south end of town. Studies need to be done to determine if it will affect Honeyville's wells. Bear River Water just wants to identify a site but are not ready to dig. The Water Conference was good and we received lots of information.
14. Documentation, Public Info. Ordinance Enforcement (Eric Anderson)--There was a discussion as to whether we wanted to put ads on our website if they bought a business license.
