National Instructor Workshops

We love to have national instructors come to 3 Kittens, both in the store and at our Cloud 9 Knitting Retreat during the summer. These workshops are a great way to learn with some of the brightest minds in knitting and crochet.

Faina Goberstein, April 26

Faina is the author of *The Art of Slip Stitch Knitting* and the *The Art of Seamless Knitting*. She will be joining us for 2 workshops on Friday, April 26 focusing on slip stitch knitting! Join us for one class or a full day of classes. Early bird pricing of \$10 off per class is available through March 15th, and if you sign up for both classes, we'll throw in your lunch at Mendoberri!

Slip Stitch Knitting: Beyond Mosaic

If you are an admirer of beautiful mosaic stitch patterns and want to learn how to knit them or to know more about this type of colorwork, you will love this class. The whole world of slip stitch patterns will open up for you. Get to know all 4 distinct groups of slip stitch techniques in one or two colors including mosaic knitting.

In this class, you will make swatches and talk about using slip stitches in projects. You will learn how to work with charts; understand special abbreviations; how to choose colors and yarns; and how to carry color not in use up to the next row for slip stitch knitting. There will be many samples and swatches on display from Faina's designs.

Come and join us for this fun and very informative class. You might even get addicted to slip stitch knitting!

Reversible Slip Stitches

Reversible stitches are always a welcome addition to our knitting repertoire. Scarves, cowls, and shawls look terrific on both sides. Cardigans look good even if the front comes open. With slip stitch patterns, we are in luck. So many of them are reversible (although not necessarily identical)!

Remember that slip stitch patterns always look hard to make when in reality they are very simple. Take this class to see different patterns, make swatches, and participate in the discussion about the usage of reversible slip stitch patterns for your projects.

Among the many things you will learn are: a slip stitch edge, a few new patterns, how to work with charts, special abbreviations, choosing colors and yarns, and where to use reversible slip stitches.

Q: What should I bring to class?

Bring any tools you might need – scissors, tape measure, tapestry needle, paper, pencil, stitch markers or stitch holders, etc. We call this your “knit kit” or your “crochet kit”. And, bring your enthusiasm!

Q: Can I get help between classes?

We are always here to help you! Your instructor will let you know what hours she typically works in the store and if she teaches any of our studio classes. Q: What is homework/pre-work?

Pre-work or homework is simply something that you need to do prior to the first class. Generally, it will involve knitting gauge swatches or knitting samples to work on in class; however, sometimes it includes watching videos or doing some reading before class begins. Please make sure to do all pre-work/homework in order to make sure your learning experience and that of the other students is the best it can be!

Q: What do the Skill Levels mean in the class descriptions?

We use a system of Skill Levels to help inform students about what things they should know before taking a class – prerequisite skills, if you will. To find a detailed description of our Skill Levels, please visit our [website](#).
