Are you ready to dive into paradise?

Day 1 | Arrival Day

Our staff will welcome and escort you to our resort. The car journey time is between 45 minutes to 1 hour. Upon arrival at Murex Manado you'll be greeted with a welcome drink & snack. We will show you to your room for a quick refresh before a welcome briefing. Dinner is served at 7:00 PM.

Day 2 | First Day of Diving

Coffee is available starting at 5:30 AM, and breakfast is served from 7:00 AM.

On your first day of diving, we ease into the adventure with a slightly later departure around 10:00 AM to give everyone time to settle in, prepare gear, reconnect with friends, and enjoy the beauty of a tropical morning.

We'll head out for two boat dives in Bunaken Marine Park, with lunch served on board between dives. The boat typically returns to Murex around 3:30 PM.

Day 3 - 4 | Diving Days

Boats depart at 8:00 AM and we will return to Bunaken for 2 more morning dives. Lunch is served at the resort. The afternoon is 'free time' so you can choose to relax at the pool, take a city tour of Manado, or opt for one of our other tours and activities (see pages 8 and 9).

Day 5 | Manado to Bangka

This morning you'll make your first Passport to Paradise boat transfer from Murex Manado to Murex Bangka Resort. During the boat transfer you'll make 2 dives along the way. The dive sites are between both locations and are not often accessed by other resorts.

Day 6 | First Day Diving Bangka

Boats depart at 8:15 AM and we'll make two reef dives around Bangka Island. Lunch is served at the resort. Options for afternoon, night and blackwater dives are available. Alternatively you can choose to simply relax in a hammock and enjoy the white sand beach. Or you may prefer kayaking through the mangroves which is extremely peaceful.

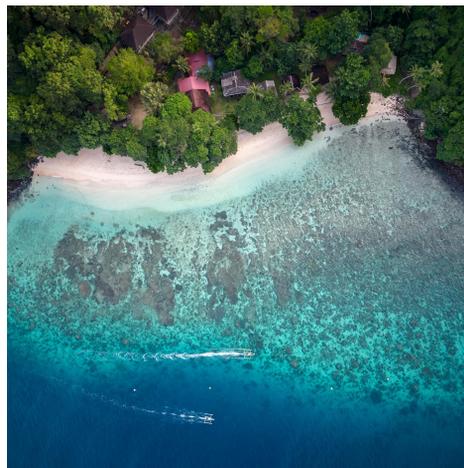

Day 7 - 8 | Diving Bangka

We plan 2 morning dives and return to the resort for lunch. Options for afternoon, night and blackwater dives are available. Or you can take our popular guided trek to our local village of Lihunu which showcases the local way of life and cultural aspects of North Sulawesi.

(The Lihunu tour is in addition to your package however kayaking is included)

Day 9 | Bangka to Lembeh

Your second Passport to Paradise boat transfer from Murex Bangka to Lembeh Resort. Once again you'll make 2 dives at remote dive sites along the way.

Day 10 - 11 | Diving Lembeh Strait

Enjoy 2 morning muck dives with the weirdest critters on the planet including Hairy Frogfish, Flamboyant Cuttlefish, Blue Ring Octopus, Hairy Shrimp, Mimic Octopus - and the list goes on! Lunch is served in the restaurant at Lembeh Resort

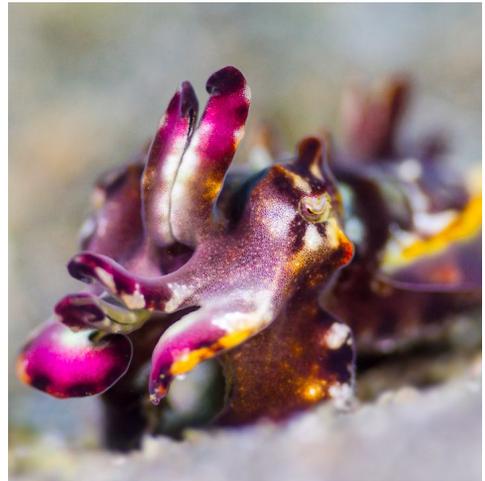

Optional afternoon, night, blackwater or bonfire dives are also available.

Day 12 | Final Day

Depending on your flight times, you may take your final dives or you can choose to relax on your last day or you may prefer to take one of our tours. Our tours are a great way to experience the culture and see the stunning natural beauty of North Sulawesi. More detailed information about our tours can be found at the end of this document. We can also tailor make tours according to what you wish to see.

Day 13 | Farewell

You may want to complete your stay with a relaxing full body massage before you pack to go home. According to your flight time, we'll transfer you back to the airport and wish you a fond farewell and safe travels!

DIVING NORTH SULAWESI

Explore Manado, Bunaken->Bangka->Lembah

We'll make sure you have the holiday of a lifetime, create many happy memories and see world-class marine life.

Murex Manado / Bunaken

Stunning walls and hard corals. Lose count of the number of turtles in a single dive. Look out for reef sharks, schooling fish, sea snakes, passing eagle rays, sting rays, abundant critters and macro life, and resident dolphin and pilot whale pods alongside the boat.

Murex Bangka

Bangka dive sites are a sensory overload where the pristine reefs are teeming with life. Pelagics and critters, Bangka has it all!

Unique species include dugongs, dolphins and pilot whales, several species of pygmy seahorse, harlequin and tiger shrimps, blue ring, mimic, reef and wonderpus octopus, ghost pipefish, Ambon scorpionfish, frogfish, turtles, reef sharks, eagle rays, tuna, great barracuda, schooling fish including snappers, fusiliers, cardinals and mackerel.

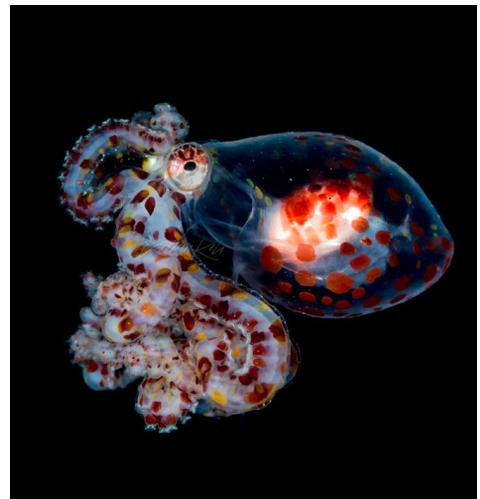

Lembeh Resort

The Critter Capital of the World, a Muck Diving Mecca and the Twilight Zone are just a few of the names that have been given to Lembeh Strait over the years due to the high density, and diversity, of rare and unusual marine life. Diving in Lembeh is unlike diving anywhere else as every dive reveals countless species of critters which have made their homes here. Lembeh isn't just home to frogfish, it's home to 8 different species of frogfish, 12 species of octopus, 3 species of pygmy seahorse.

Diving & snorkeling can be combined in the same trip, we are fully flexible.
