Description: As one of By Annie's most popular patterns, this tool case is designed to keep your tools together, organized and safe as you travel. Originally designed for Tula Pinks scissors and tools, this bag can be custom made to fit your specific tools. Used in conjunction with the By Annie Take a Stand Pattern, set up your tools to have 360 access during a class or retreat without taking up a large amount of table space. The class will start with an info session where Janet goes over things to think about while preparing your class supplies. You'll then have 2 weeks to prep everything followed by three construction days spaced one week apart to allow time to finish anything not finished in class.

It is recommended that you have completed the By Annie Basics before taking this class. If you are not able to take the in person classes offered at the store, you can find the free patterns on the By Annie website.
