BLOCK PIECING DIRECTIONS

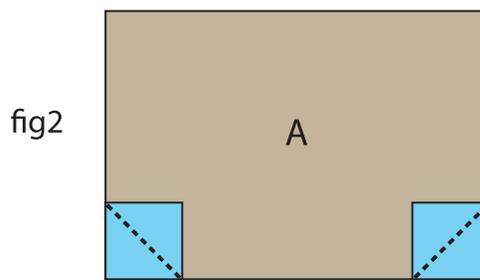

STEP 1

Start with the A blocks and place E blocks at the bottom corners, right sides together. Line up the corners (fig 1).

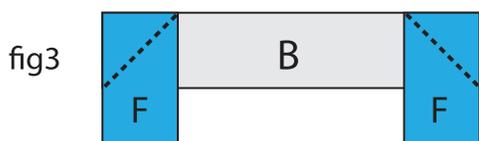

STEP 2

Sew from corner to corner on top of block E (fig. 2) Trim the corners and fold the triangles over and press.

STEP 3

Line the long end of block F up with the short end of block B, and sew from corner to corner. Repeat for the other side of block B (fig 3). Trim the corners, fold the pieces over and press.

STEP 4

Sew together block D, block E and another block D (in that specific order) (fig 4)

STEP 5

Combine block DE&D strip to the top of the coordinating block FB&F strip (fig 5). Press.

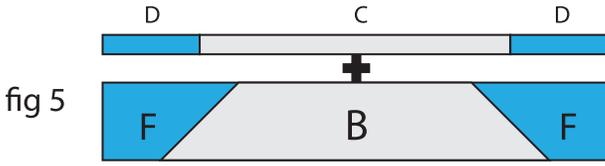

fig 5

STEP 6

Then add block G to the top of the newly formed piece. (fig 6)

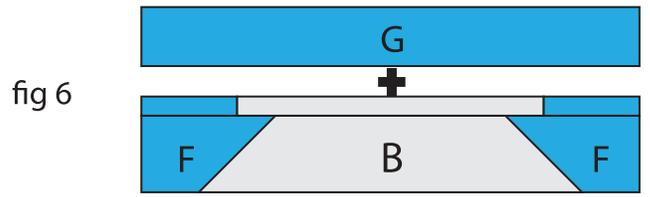

fig 6

STEP 7

Add block J on either side of the altered block A (fig 7) Press. Then add block H to the bottom of the new combination

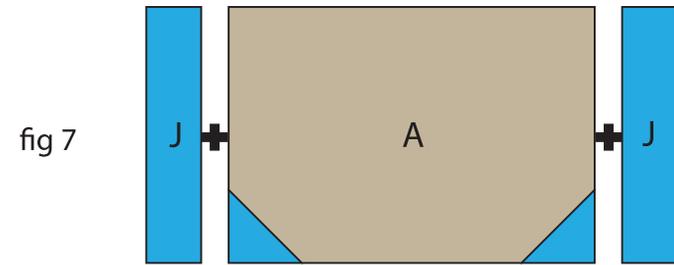

fig 7

STEP 8

Combine the Top half of the fishbowl with the bottom, making sure to match up seams, and ta-da, you have a finished block! (fig. 8)

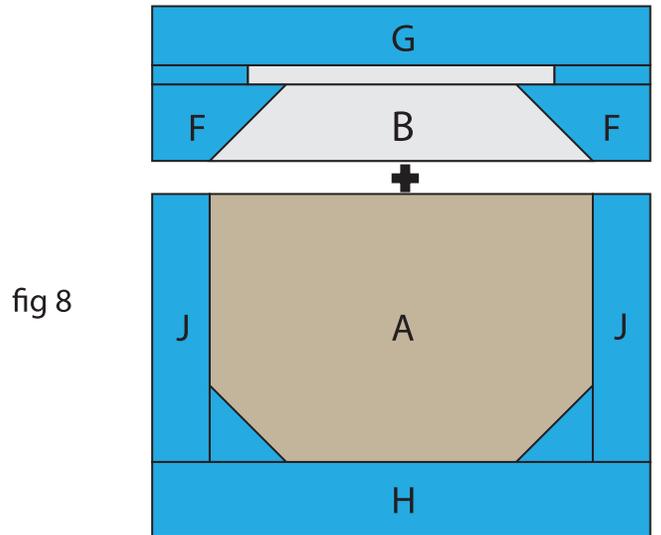

fig 8

FISH APPLIQUE

I would suggest that you add your raw edge fish appliques to the desired bowls at this time, it will become harder later in the process.

QUILT TOP PIECING DIRECTIONS

STEP 1

Make two rows of three fishbowls, and then two rows of four fish bowls (fig 9). Put the rows of four aside for a minute.

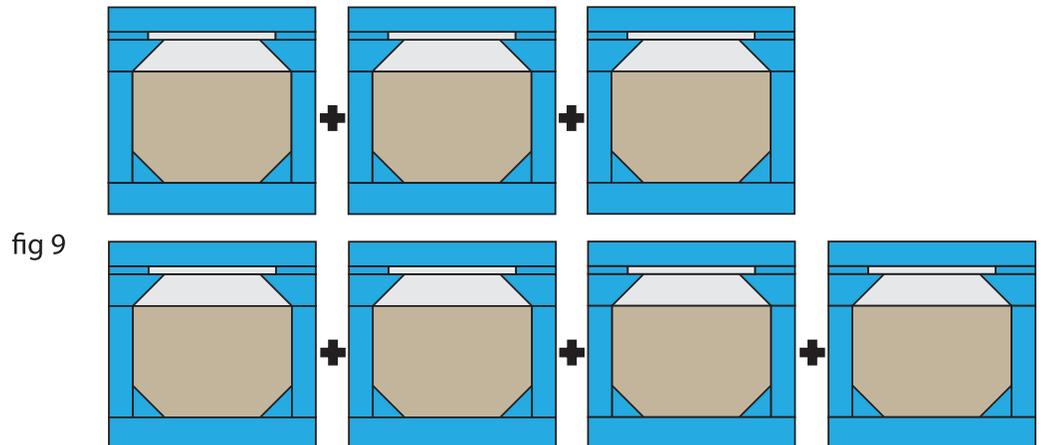

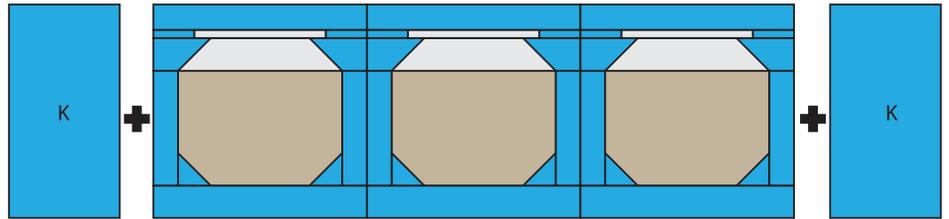

fig 9

STEP 2

Add block K to both ends of the three fishbowl strips. (fig 10) Press all of the rows really well.

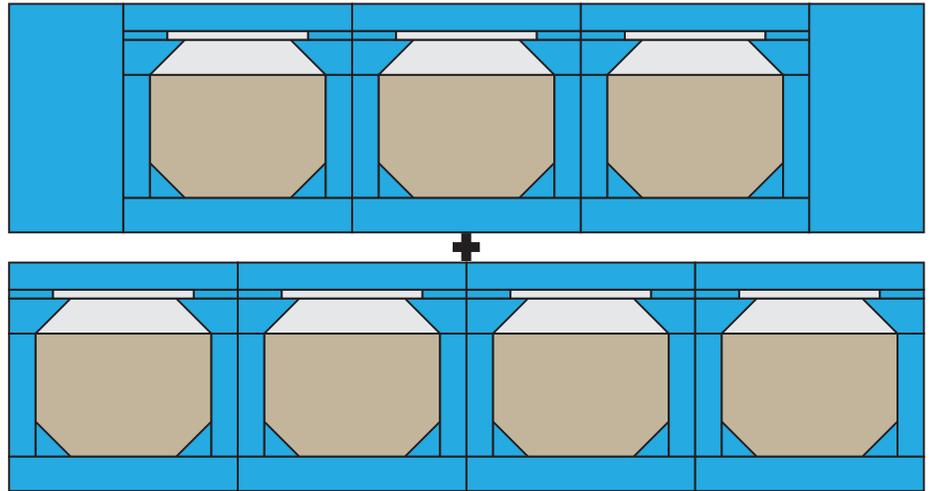

fig 10

STEP 3

Take one row of three fishbowls, and add a row of four fish bowls to the bottom, making sure to match up any seams (fig 11). Repeat for the other set.

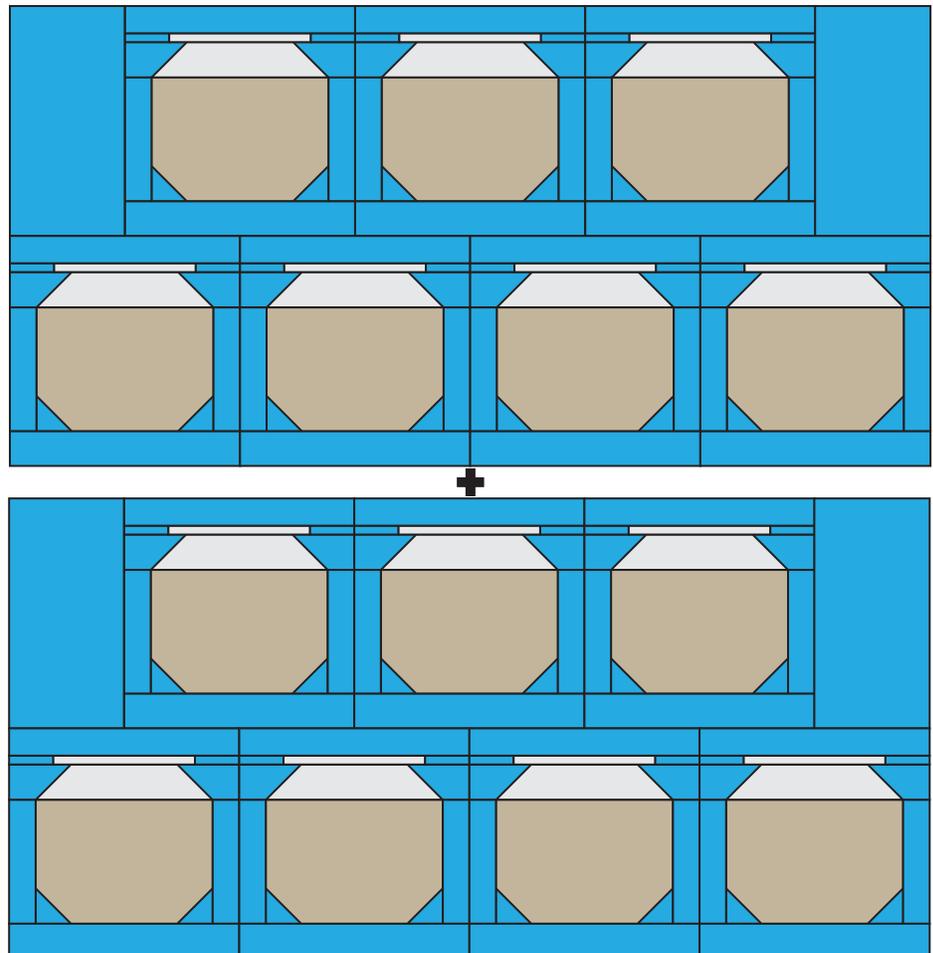

fig 11

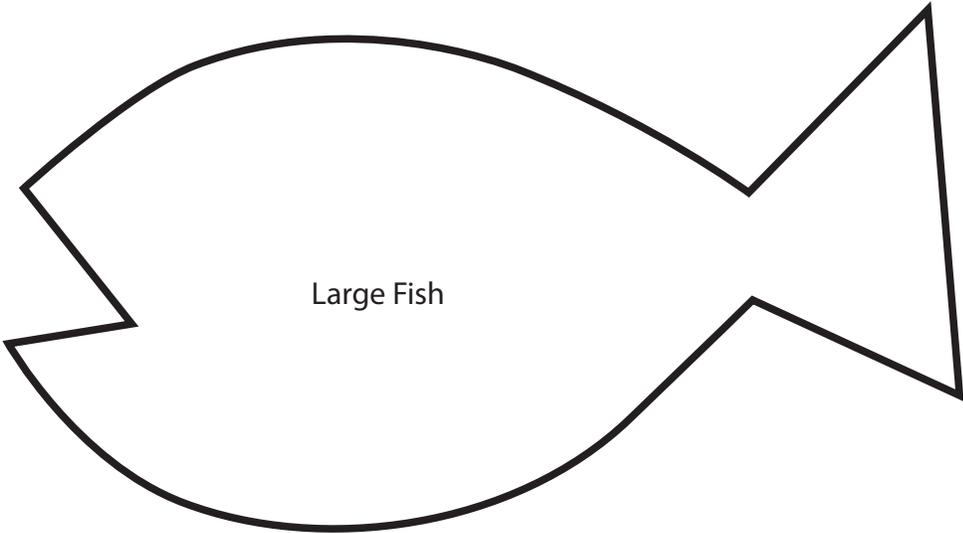

STEP 4

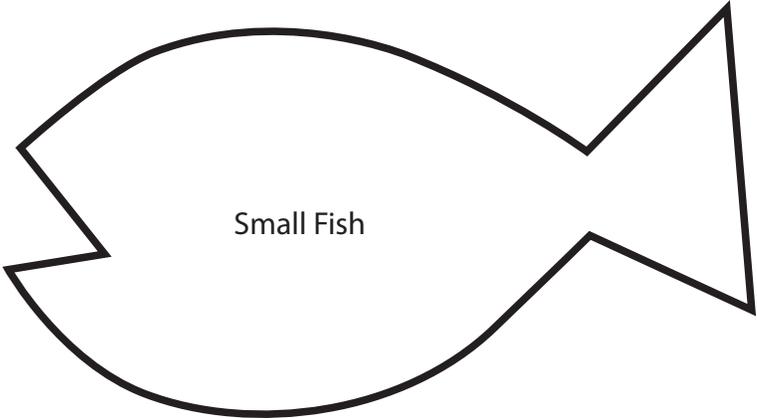

Now stack the two sections on top of each other to complete your quilt top (fig 12).
