6. Policy & Mechanical Authorization

While Quilt Corner does our absolute best to quilt each and every piece beautifully, quilting is a creative craft. Complications can sometimes arise due to wavy borders, unsewn seams, or mismatched fullness. This can result in an occasional minor pucker or pin tuck.

If an issue is discovered during the quilting process, how should we proceed?

☐ **Proceed:** Please do your best to quilt through it with minimal imperfections.

☐ **Stop & Hold:** DO NOT quilt. Pause the order and contact me to discuss options before proceeding.
