Indian summer days ahead?

I read the other day that they're expecting a warmer, drier fall ahead for our area. Summer finally got here, and while I'm excited that the cooler days of fall are coming, I'm also looking forward to an extended summer. We've settled quite nicely into our new location and have been welcoming lots of visitors. We've had many positive comments about the openness and brightness, I can't wait for everyone else to have a chance to visit.

EVENTS

Starting September 1st, we will be hosting a revolving monthly quilt show. Back in July, I started a monthly fat quarter challenge. Each month we will have a special fat quarter available for \$2. You will have until the end of the following month to turn in either a finished project or an unfinished project (no larger than 24" x 24"). We will then put them on display for a month and each entry will also receive a free challenge fat quarter for the month that your project will be on display. We will also do a random drawing from the finished entries for a \$10 gift certificate and a random drawing from the unfinished entries for a \$5 gift certificate. So our first quilt show will be on display for the month of September with a different group of quilts on display in October and so forth. So stop in and see what fun and different things people did with the same fabric.

Once again, we will be participating in the annual coastal Oktoberfest. There will be 11 shops from Astoria to Brookings participating this year. Our theme is "Oregon Bounty", so each shop will have a free pattern to give away based on this theme. Plus each shop will have an entry form to fill out for a chance to win a \$50 in store gift certificate. If you want to make it a full shop hop and visit all 11 shops, make sure to get a passport at your first shop and get stamped (still fill out the store level entry forms - you are eligible for both). We will draw for one winner who will win a \$50 gift certificate from each shop. If you were really, really lucky you could win up to 2 \$50 gift certificates from each shop. Visit www.quiltrun101.com for a list of shops. Good luck!

Our annual Merchandise Basket Giveaway will be happening over November and December. Receive one entry form for every \$25 spent on merchandise (regular and clearance). We will draw one entry from all entries between November 1st and November 19th for Basket #1. Basket #2 will be drawn from entries between November 21st and December 10th. Basket #3 will drawn from entries between December 13th and December 30th.

It's great as a travel project or an evening project when you want to be social with friends and family. This class will go a step beyond the traditional Grandma's Flower Garden and Dresden plate in design, but not in technique. Pattern templates required.

Square Box

Saturday, October 15th 10 am to 4 pm

Cathedral Window

Tuesday, November 8th 10 am - 3 pm

Taught by Michelle. \$20

Cathedral windows quilts have been around for a long time, but this classic look will never go out of style. These are heavy quilts, so not recommended for a queen size, but are perfect for a snuggle quilt or table topper. They can be done by hand or machine. We will be doing a machine piecing method with minimal hand sewing.

One Block Wonder - Panel

Mondays, November 28th & January 9 10 am - 4 pm

Taught by Michelle. \$30

This is a two part class using panels for creating the one block wonders quilts. This technique uses 7 panels total - 6 for layering and one whole one- to create a kaleidoscope effect. Every time you piece one, you get a totally different look. Class one is about the layering, cutting and sewing. The second class is about the layout and quilt top assembly. Book required.

Pillowcase

Taught by Michelle. \$15

Learn to make a simple pillowcase for bed pillows just in time to make some as gifts for the holiday season. The burrito-turn method makes a nice finished edge near the top. Quick and easy!

Layered Back Stitch

Saturday, December 10th 11 am - 3 pm

Taught by Michelle. \$15

This technique is used in place of a traditional hand satin stitch for doing fill-in work when hand embroidering. It gives a different texture to your embroidery and can be used for doing simple dimensional work as well. Hand embroidery can be very relaxing and is easy transportable when you want to keep your hands busy and a sewing machine isn't optional.

Monthly Fat Quarter Challenge

We will have a featured fat quarter available each month for just \$2. You have until the end of the following month* to finish a project/block no larger than 24" x 24". We will display all entries for a month and do a random drawing for a \$10 gift certificate for finished projects or \$5 gift certificate for unfinished ones. Receive a free featured fat quarter for the month your project will be on display when you turn in your entry!

*Due to space limitations, projects must be turned in by the deadline to be eligible for free fat quarter and to be on display.
