CUDDLE FLEECE HUG 30" x 36"

Your Kit includes

- 1 – 30" x 36" piece double sided *Cuddle Fleece*
- 7" strip contrasting Cuddle to cut 3-2" strips for binding.

Instructions:

A "Hug" is a 30" x 36" blanket made from Shannon Fabric's Cuddle Fleece. It makes a super soft and cuddly blanket that will soon become your baby's favorite "Hug".

To make a quick and easy fit for the binding, round the corners of the blanket. Try using a saucer for a guide.

Cut your binding strip into three 2" strips. Cut the ends into an angle, and sew together as you would for bias strips. Apply the binding using a 1/2" seam; fold the Cuddle around the edge and tuck under the extra, top stitch the binding down using a zigzag or serpentine stitch to finish.

Cuddle "Hugs" are very washable, just dry on med heat.

For more information on making your "Hug" go to the learning library at www.cuddlesoftkits.com.
