

Gone Quiltin', LLC - Bandera, TX

First Name	What makes your favorite shop stand out?	Optional: Can you tell us a story of a special moment you had at the shop?
Julia	Incredibly friendly staff and marvelous display quilts to inspire any window shopper. I felt at home from the first time I walked in. The only quilt store where I wasn't able to keep my credit card in my purse!	The moment that I walked into Gone Quiltin', I saw the Farmhouse Cross quilt pattern by QuiltFox. I was immediately in love. When they didn't have the kit available, I ended up browsing the store and finding a different quilt they had on display that I wanted to make with a Moda jelly roll I found on the opposite side of the store. The staff was incredibly enthusiastic to help me with putting together my own project on the fly, and they insisted that I go back with my quilt top to make sure they quilted it for me. As a beginner quilter that had never really put my presser foot down, sewing was an activity that I'd put off starting due to anxiety. My experience at Gone Quiltin' filled me with the enthusiasm and excitement I needed to overcome my fears of imperfection and embrace the art of quilting!

I asked what she was cutting for and she said she was creating kits and showed me the quilt pattern. It was for two deer in the woods; a stag and a doe. My mother's married name is Stag and it's a family joke that we send her stuff that is stag-related. How fantastic that I could actually get a quilt with one! So I asked for a kit and Merilee cheerfully cut an extra kit just for me, on top of the orders she was already processing. This is the kind of above-and-beyond customer service I always get from the gals at Gone Quilting!
