Valdani Perle Cotton Size 12

This collection includes every perle cotton thread color used on ALL new patterns (2015 - going forward) - so you don't have to open the can of worms about "which thread colors should we stock". Just one thread collection is all you need.

These do more than just show off your "where you been" plates.

- Patterns ONLY sold in shops & will NOT be offered on our website for retail sale (for the duration of RXR2016)
- Use as a vertical row to widen any RxR quilt to fit one's desired width
- OR make as a "braggin" wall hanging by adding border - pattern includes all the flexible options
- Display not just 1, but several license plates - which answers the burning question of "what do I do with all these plates"

Both designs have flexible finishing options:

- 9" x 36" (standard row size)
- 12" x 36" wall hanging size
- OR make them shorter or longer, depending on desired length
