**PreClass Work** Please read through the pattern to familiarize yourself with the project. If you feel comfortable you can pre-quilt the main and lining pieces to your Bosal Stabilizer. Cut out all the pieces and LABEL them!! (i.e. zipper tab, boxy corner binding, etc,) I am highly recommending the large pouch as your first one, after that you will know how to make them, the smaller they are the more difficult to manipulate the fabric! \* If you have directional fabric, please refer to cutting instructions on the bottom of page 2!
