Brief Class Description:

Learn how to make this wall hanging by Buttermilk Basin. There are many different options available in the pattern:

- The sample hanging in the shop is a wall hanging which measures 20" x 48.5". The letters spelling HOME are positioned vertically. It also includes the half-square triangle inner border. The letters spelling HOME can also be positioned horizontally if desired.
- You can also make a slightly smaller version without the half-square triangle inner border. This version measures 13.5" x 34.5". The letters spelling HOME can also be positioned either vertically or horizontally.
- The third version is a small round, circular mat that is 9" round. It is made by using the letter O and has a scalloped border.
- Any of the versions may be made into a pillow, if desired.

Monthly-themed center circle mats are created for each month, using the applique method of your choice.

Originally, this pattern was made with wool, but the sample was made using cotton fabric and it works equally well.
