**9am-noon Lecture/Demonstration** - If you have never tried Free Motion Quilting, love to Free Motion Quilt or even hate Free Motion Quilting - you **MUST** see the new Westalee Educator, as she shows you why she fell in LOVE with Free Motion Quilting after divorcing it 14 years ago. Donelle will also be showing the Circle Sewing features of the Sew Steady Wish Table and you will have the opportunity to see a Trunk Show of projects that feature Circle Sewing and Quilting with the Westalee Templates.

### **Break for Lunch**

**1:30pm-4:30pm** - Here is your chance to work first hand with Donelle McAdams, Westalee Accredited Teacher, while experiencing the Westalee Design Free Motion Quilting Templates. NO Free Motion experience is needed. This is a very basic introduction class so we will not be completing a project. You will learn how to correctly set up your sewing machine, attach the ruler foot, use the Starter Set and Sampler Set 1 Templates and see some of the other popular templates including feathers.
