- ★ Close to Home associates will be able to determine which type of Ruler Work Presser Foot, and Templates work with your machine

Pre-registration required for all classes. Sign up early as class space is limited. No Refunds on Class Fees. Store credit only if cancelled 15 days prior to class date. Thank you for coming to class prepared. Our expert staff would be delighted to help you with your selection of materials. Students get 15% off supplies for class & on class days. Your machine should be lint free, lubricated & have a new needle. Our Service Department can assist with machine issues

Quilt Sandwiches:

- Bring Two Quilt Sandwiches to class...One for practice...and one for Mini Sampler
- Each* contains Two 28x32" pieces of 100% cotton quilting fabric. (*Practice sandwich can be smaller - Fat Quarters are fine.)
- 28x 32" piece of thin 100% cotton batting for each (can also use fusible batting)
- Solid or tone-on-tone fabrics are best (can be same or different fabrics)
- Generously Spray Fabrics with Best Press & Press Well
- Prior to sandwiching, mark the fabric into a grid with marker or choice
- Sandwich fabrics & batting with 505 Spray if not using fusible batting
- Optional – serge or staystitch the edges of the sandwiches
- Stitch the marked guidelines according to the diagram below
- When stitching the quilt grid, begin by stitching all outside lines 24" and 28".
- Next stitch inside horizontal lines (24").
- Last, stitch the CENTER 8" block divided into four 4" blocks. It's ok to travel stitch to avoid having to stop and restart.
