

Immunization Clinic

Lindon City

Wednesday, September 23, 2020
2:30-5:00pm

Each year in the United States, up to 60,000 adults die from vaccine preventable diseases or their complications. Vaccines offer a safe and cost-effective way to prevent serious illnesses and death.

Recommended Adult Vaccines

Influenza (Flu)

Tetanus, Diphtheria, Pertussis (Tdap)

Pneumococcal (Pneumonia) {For adults over 65}

Hepatitis A

Hepatitis B

⇒ Due to a manufacturing shortage, Shingles vaccine will not be available at this clinic

~Infant/Child Vaccines also available by advance request.
