38 3. **PUBLIC COMMENT** – Chairperson Call called for comments from any  
39 audience member who wishes to address any issue not listed as an agenda item.  
40 There were no public comments.

42 **CURRENT BUSINESS** –

44 4. **Minor Subdivision – Lindon’s Edge – 126 South Main Street.** Davis Design  
45 Build requests Minor Subdivision approval to subdivide existing parcels into three  
46 lots at 126 South Main street in the General Commercial (CG) zone.

2 Anders Bake, Associate Planner, led this agenda item by giving a brief summary  
stating the applicant, Davis Design Build is petitioning to subdivide the existing parcels  
4 into three lots. He noted one lot will contain the Castle Park event venue and two lots will  
contain the Lindon's Edge office park that is currently under construction. He indicated  
6 on February 12, 2019 The Planning Commission approved a plat amendment application  
that would have combined the existing parcels into one lot but this plat was never  
8 recorded. The plans have been replaced with the proposed three-lot subdivision. Mr.  
Bake then referenced the Lot Requirements in the General Commercial Zone and the  
10 Subdivision Requirements noting all requirements are met and are in compliance.

12 Mr. Bake stated the City Engineer is working through any technical issues related  
to the plat and will conduct a final review if the planning commission approves the  
subdivision. Mr. Bake then presented an Aerial Image with the Parcels and the Plat 3 Site  
14 plan for discussion. He also read through the conditions to be included in the proposed  
motion.

16 Commissioner Kallas asked the applicant if they are not changing the plans or the  
scope of the project. The applicant was insistent that their request to subdivide did not  
18 affect their overall plan for the project and that they fully intend on building the project as  
it was approved with original bid and Site Plan approval.

20 Jeremy Ackley, neighboring resident in attendance expressed his biggest concern  
is that this could be completely different than what was approved. As a neighbor he  
22 doesn't want to see something come in and encroach commercial into the residential area.  
He noted he is personally okay with the development they are proposing but he is not  
24 okay if their circumstances change and they sell lot three to somebody else and they build  
a monstrosity. He also indicated there are other neighbors that have concerns.

26 Commissioner Johnson commented we as a city don't have the ability to require a  
deed restriction because it is a permitted use as the rights are established and we can't  
28 force them to make it a condition of approval.

30 Mr. Ackley expressed it is his fear that if three separate parcels are approved as  
one; this would actually negate the way it was approved. There was then some general  
discussion regarding the financing and condominimizing of the project, building heights  
32 and deed restrictions.

34 City Attorney, Brian Haws commented they can always come back and amend  
their plans; they have that potential. Commissioner Kallas pointed out whomever may  
come in would have to go through the approval process. Commissioner Marchbanks  
36 stated he doesn't see anything different than what was in the approval process and they  
knew they wouldn't plan on building all the buildings at the same time as part of the  
38 staging; he doesn't see any change.

40 Following some additional discussion, the Commission was in agreement to  
approve the minor subdivision as presented with the conditions as listed.

42 Chairperson Call called for any further comments or discussion from the  
Commission. Hearing none she called for a motion.

44 COMMISSIONER THOMPSON MOVED TO APPROVE THE APPLICANT'S  
REQUEST FOR MINOR SUBDIVISION APPROVAL OF LINDON'S EDGE PLAT

26 **5. Plat Amendment – Jacobson Subdivision Plat D.** Sean Shah with Coco  
Development requests a plat amendment to the Jacobson Subdivision. Located at  
1350 West 200 South in the Light Industrial (LI) zone.

28  
30 Mike Florence, Planning Director, led this agenda item by giving an overview  
stating the applicant Sean Shah with Coco Development is requesting a plat amendment  
32 to the Jacobson Subdivision Plat “D.” He noted the only change to this plat is that there  
is an existing loading dock on the east side of Lot # 2 which encroaches into the cross  
34 parking/access and drainage easement. He further explained that Coco Development,  
recently purchased the building and lot and they want to make sure that the plat  
accurately reflects the existing site. He added the other property owners in the Jacobson  
36 Subdivision will also need to sign the plat and Coco Development intends to create  
commercial condominiums with the building on lot #2. He noted he has provided some  
38 public information from three other property owners who have concerns that they have  
not been updated on parking, access and different items regarding this plat. He noted the  
40 next agenda item would be requesting approval to condominimize.

42 Mr. Florence then referenced division Standards Lindon City Code 17.32.00  
references Utah Code for requirements amending a subdivision plat. Under Utah Code  
10-9a-608, an applicant may petition the Land Use Authority (Planning Commission) to  
44 amend 10-9a-608. Vacating, altering, or amending a subdivision plat. (1) (a) A fee  
owner of land, as shown on the last county assessment roll, in a subdivision that has been  
46 laid out and platted as provided in this part may file a written petition with the land use  
authority to request a subdivision amendment. (b) Upon filing a written petition to request  
48 a subdivision amendment under Subsection (1)(a), the owner shall prepare and, if

2 approved by the land use authority, record a plat in accordance with Section 109a-603  
that:

- 4 (i) depicts only the portion of the subdivision that is proposed to be amended;
- 6 (ii) includes a plat name distinguishing the amended plat from the original plat;
- 8 (iii) describes the differences between the amended plat and the original plat; and
- 8 (iv) includes references to the original plat.

10 Mr. Florence noted the Jacobson Commercial Subdivision Plat D was recorded  
February 21, 2006 and the proposed plat amendment modifies the existing plat to account  
12 for the existing loading dock which is located in the cross parking/access and drainage  
easement on lot 2. He then presented the Aerial Image with Parcels, Proposed Plat  
Amendment and the Current Plat followed by discussion.

14 Mr. Florence stated if the planning commission approves the plat amendment  
tonight the City Engineer will be working through any technical issues related to the plat  
16 and will conduct a final review.

18 Mr. Florence clarified on this first item the commission is the final legislative  
authority but the next item they would be giving a recommendation for preliminary  
approval to the city council on the condominium request.

20 At this time there were several owners in attendance who indicated they have no  
intention of “raining on their parade”, but they want the opportunity to work out some of  
22 the issues and they want the chance to do that as there a variety of issues and impacts that  
need to be resolved. They need some time to work on the CC& R’s and come to a  
24 resolution on these matters.

26 Following some additional discussion, Mr. Florence recommended continuing this  
item and the next agenda item as well. He added Staff has no concerns with the issue of  
the dock but does have concerns that the other three property owners may not be on  
28 board and may need more discussion.

30 Chairperson Call called for any further comments or discussion from the  
Commission. Hearing none she called for a motion.
