Barn Panel Interactive Characters
23. Cut the bottom portion of the panel off. Iron a fusible bonding to the backside of the characters. Cut around each character, leaving ⅛" to ¼" of fabric.

24. Remove the release paper and iron each character to a piece of felt, leaving at least ½" between each piece.

25. Zigzag around the raw edge of the fabric. Cut the felt ⅛" to ¼" from the fabric.
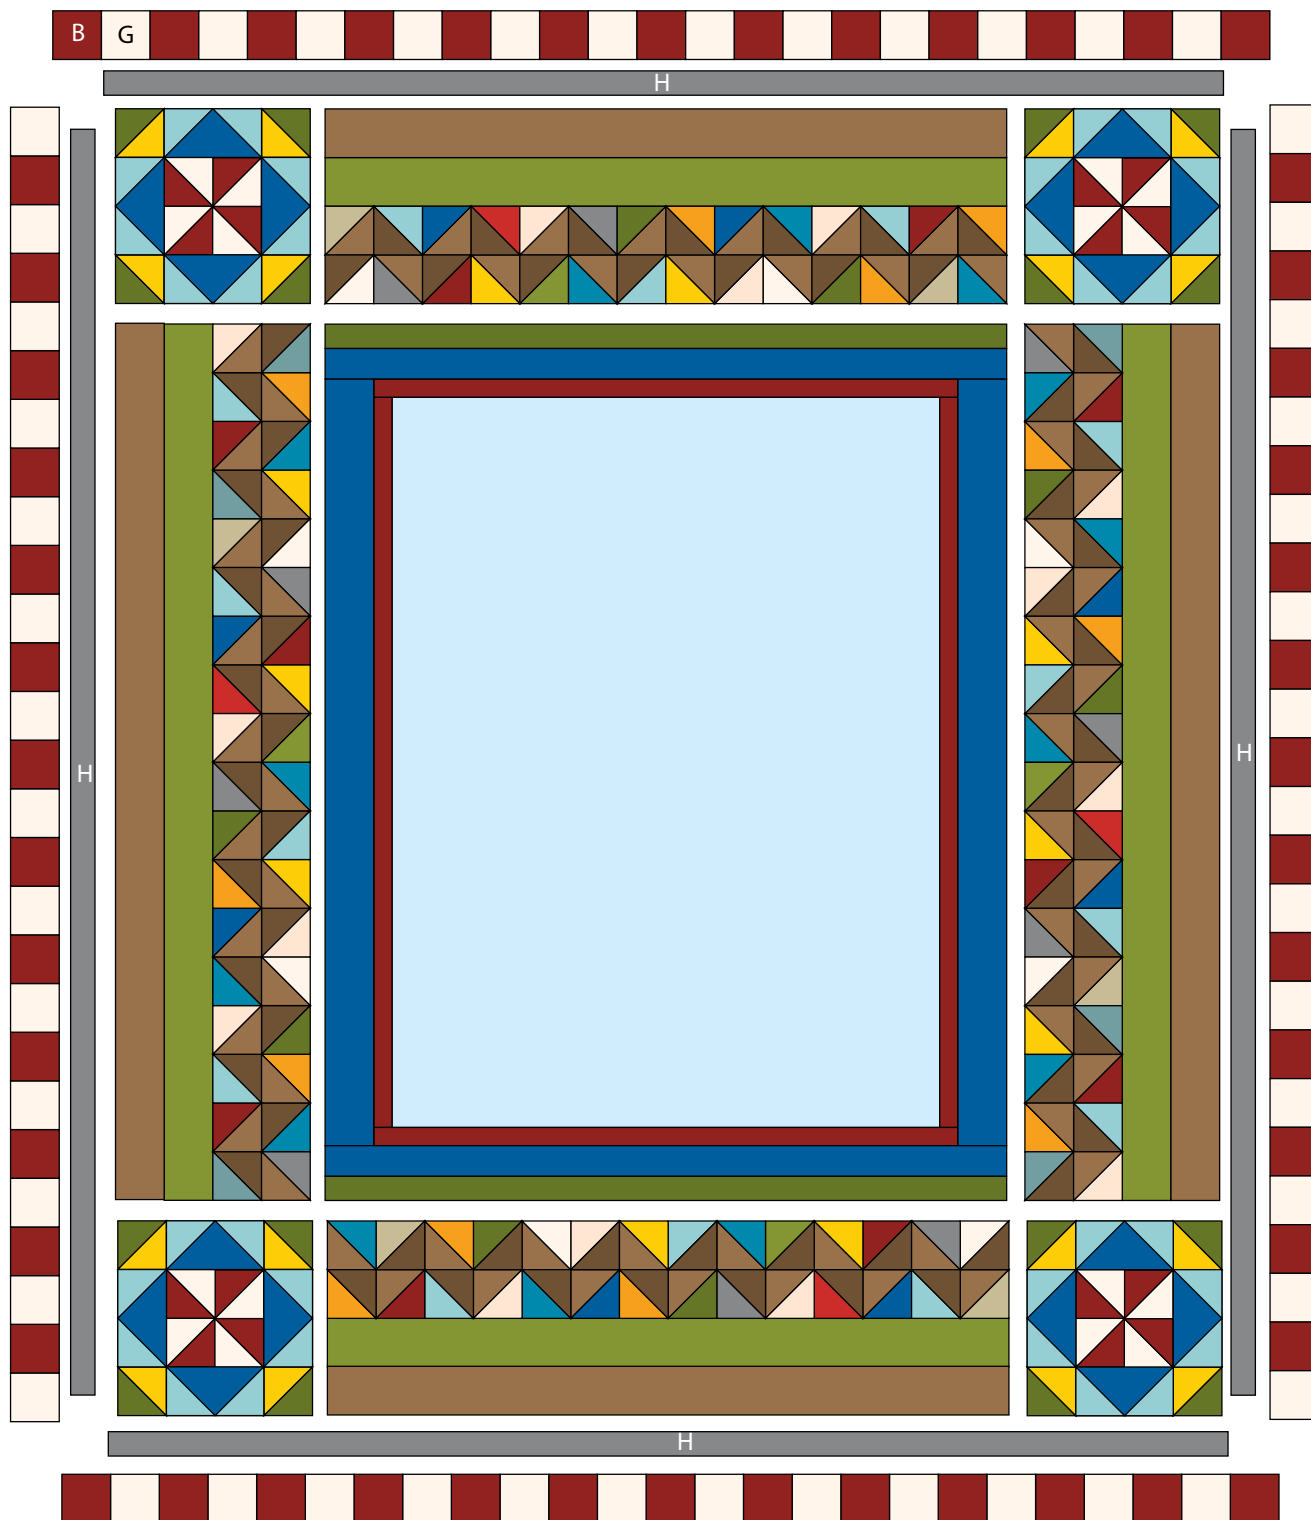

Little ones can use these to learn the animals, matching them to the animals in the barn. You can attach a piece of ribbon and hang them on a button attached to the quilt or use a small piece of Velcro. We also suggest using the quilt as a mat for the little ones to drive their small tractors or trucks on it, using the brown chevron portion as the winding road around the barn. If you want more characters, you can use the all over print to create more.
