

# Evermore Weekly Sew-Along: Week 2

with Modern Quilting

In your packet this week, you'll find Fabrics B and D, plus some of the background. You'll also need the remainder of Fabric C from last week.

Following the cutting instructions (for the MEDIUM quilt,) you should have a stack that looks like this:

Arrange your fabrics into a quarter-log-cabin configuration as seen here:

Sew your blocks together and press according to the directions in the pattern.

You will have four blocks when you're finished!

Justine's tip for this week: pay a little extra attention to the right and wrong side of the background pieces. It's not terribly obvious and can easily get sewn in the wrong way. Ask me how I know! Haha.

That's it! See, I promised this was going to be easy! See you next week for Week 3!
