

# Evermore Weekly Sew-Along: Week 3

with Modern Quilting

This week's block is a two-step block.

After you've cut your pieces according to the instructions for the MEDIUM quilt, you'll have a stack that looks like this:

The first step is sewing the three 8-1/2" pieces together into an 8-1/2" square.

With the holly on top and the snowflakes on the bottom, you're going to snowball the corners.

Do the two opposite corners first, then trim and press.

Then, snowball the other two opposite corners.

Your finished block looks like this!

Do this four times and you're done! See you next week for Week 4!
