

Jelly Roll Rug Class Supply List

DATES: Two Sessions: Tuesday February 26 and Tuesday March 5

TIMES: Session One: 10:00 – 12:00; Session Two: 9:00 – 12:00

INSTRUCTOR: Vickie Minor

In the first session, we will make the rope that will become your rug. In the second session, we will create the rug from your rope.

MATERIALS:

- Jelly Roll Rug Pattern (available at QuiltWorks)
- 42 jelly roll strips
- 2 1/4" batting (length of pieced jelly roll or, if using precut 2 1/4" batting rolls, the equivalent of 50 yards for this rug)
- Mary Ellen's Best Press
- Thread to blend or contrast with fabrics

SEWING SUPPLIES:

- Sewing machine in good working order
- Walking sewing foot
- Rotary cutter with sharp blade
- Basic sewing supplies
- Sewing machine needle large enough for jeans type sewing (14-18)
- Sewing Awl

CLASS PREPARATION:

Piece your 42 jelly rolls strips as you would for binding but do NOT press it in half. Starting with the pieces you want to be in the middle of the rug, fold the 2 1/2" long strip so it "fans" (when you begin your rope, the fabric just lifts off of itself). Do not roll the fabric in a ball, as it will end up twisting as you go along. Your "fan" should end with the color fabric that will be on the outside of your rug. I will explain this in class!

If you are using scrap batting, cut enough 2 1/4" strips and piece them using a zigzag stitch (you do not need to use fusing tape) so the length equals your jelly roll piece. If you are using batting rolls, make sure you have enough yardage to complete your project (50 yards).
