Instructor: Marcy Lawrence
Date: Tuesday, February 5, 12, 26, March 5
Time: 10:30am-1:00pm
OR
6:30-9:00pm

Book/Pattern Requirements*:

Round Trip Duffel by Patterns by Annie

Fabric Requirements*:

Note: Try to avoid directional fabrics.
Main Fabric – 1-1/2 yards
Lining – 1-1/2 yards
Coordinating Fabric (binding, straps, handles) – 1-1/2 yards
Contrasting Fabric – 5/8 yard
Soft and Stable – one 72" x 58" package
Mesh Fabric – 14" x 22" piece
Medium Weight Fusible Interfacing – ½ yard
1-1/2" strapping – 7 yards
1-1/2" bag hardware:

- Two 1-1/2" D-ring or triangle ring
- Two 1-1/2" swivel hooks
- One 1-1/2" wide mouth slider
- Four 1-1/2" rectangle rings

Note: We will have sets containing all of the above hardware available at the shop.
Base stabilizer (to support the base of the bag) – one 6-1/2" x 18-1/2" piece of heavy cardboard or the plexiglass base that we will have at the shop
Handbag Zippers:

- One 30" double-slide
- One 40" double-slide

OR

- One package of by Annie "Zippers by the Yard" – Highly recommended!

Tools Required:

Thread to match your fabrics and zippers
Rotary Cutter and Mat (leave your mat at home and use ours while you're in class)
Ruler (at least 6-1/2" x 24")

Clover Clips – These are important! You will need these to keep the pieces together while sewing as the layers are too thick for pins. The clips come in either a 10-pack or a 50-pack. I feel it is worth it to invest in the 50-pack because you will find these clips indispensable for any project that involves thick layers. They are also fantastic for attaching binding to a quilt!
Stylus – Wonderful to use to keep thick layers and zippers straight while sewing these items together. You can use a seam ripper, but a stylus works much better.
1 package size 90 Topstitch sewing machine needles
Pins
Marking pencil or chalk (my favorite is the Clover Chaco liner marker in white, yellow or gray.)

Notes: The pattern comes with a $5 coupon for a video that highlights the construction of the bag. I strongly recommend using the coupon and viewing the video before class begins to get a better understanding of how this bag is made.

If you are bringing your own machine, please bring, if available, a ¼" foot, "walking foot" and an edge stitch foot.

If you are a BERNINA owner and your machine uses the feet with the "red" numbers, you are using one of our machines or bringing your own, please bring a #37 foot (1/4" foot) and, if you have one, a "walking foot" and #10 foot (edge stitch foot). We have a few available to use, but we are in short supply.
