

## GETTING ZIGGY 52 BY 70 BABY SIZE

**VERY IMPORTANT INFORMATION:** Please *ignore* all cutting requirements listed in the pattern. I will be giving you all of the altered cutting requirements. For instance, the pattern calls for 3” strips of each color. We will be cutting 3 5/8” strips of each color instead.

### **Yardage Requirements:**

Yardage requirements on pattern are ample except for background. Purchase 2 yds of background. I purchased what was listed with exception of background.

**Background:** Shows as medium grey in quilt, you will cut **19 6 ½” squares**. You can use a 6 ½” square accuquilt die or cut your own. Cut **two 3 5/8 by width of fabric strips of background for class**. The 3 5/8” strip will be used to cut HST die on the 3” finished HST accuquilt die. This die is essential in making this pattern. Cuts down on HST time and you don’t have to trim or square up the HST! Reserve remainder of background.

\*Set aside your wider side border fabric and divider fabric. We will go over cutting this fabric in class.

**Zigzags:** Out of **each** colored 3/8” fabric, cut **one 6 ½” square**. Cut remainder into **two 3 5/8** by width of fabric of each solid fabric. For **class** purposes you can cut just one or two colors. There will be 7 rows of zig zags and circles.

**Circles:** Cut 7 6 1/2” squares of wonder under or iron on interfacing. Take the seven 6 1/2” squares of solid fabrics, one of each color. Iron the interfacing onto each color square and wait instructions on how to proceed.

Dies that you may use:

6 ½” strips die

6 ½” square die

3” finish HST die

2 ½” die

5” circle die

**For Class purposes:**

**Cut 19 6 ½” squares of background**

**Cut two 3 5/8” strips of background**

**Cut one 6 ½” square of colored zig zag fabric, one of each of 7 colors**

**Cut two 3 5/8” by WOF strips of one or two colored fabrics.**

**Cut seven 6 ½” squares of wonder under or similar two sided sticky interfacing**
