**Dear Quilting Friends,**

It is so hard to believe that summer is almost over and we will be welcoming back our snowbirds soon. We have a full newsletter this time so there is sure to be something for everyone. Just as this newsletter is being released DeeDee and Stephanie are on their way to Janome Institute. We are really excited about the many new things they will learn. If you are interested in quilting we are offering a ruler quilting class and a Mastering Freemotion quilting class. We have great quick classes for cute gifts made in the hoop. Pam is helping us stay forever organized with her bags. She really does amazing work. If you enjoy applique DeeDee and Stephanie have you covered. Don't miss out on these fun classes. And as always, we thank you for your continued support. Happy Quilting,  
DeeDee

A not so spooky 3D display that is sure to delight. Machine embroidered applique letters, cobweb quilting, 3D bats, and spooky eyes make this project just the cutest. Class is free with purchase of supplies from CQ.

We are using this pattern and adding a pieced block twist. The applique blocks were made with an "old fashioned look" of invisible machine applique. Of course you also have the option of raw edge applique if that is the technique you prefer. Class is free with purchase of supplies from CQ.

Mastering your skill in freemotion quilting is our goal with this class. Our first class has started but we had a waiting list so we are now offering 2 classes every other week. Class is free with purchase of supplies from CQ.
