Perfect Piecing Made Simple

Is your quilt block not the required size for your pattern or looking a bit wonky? In *Perfect Piecing Made Simple* you'll learn practical, repeatable techniques to bring your piecing skills up a level. We'll cover accurate cutting and measurement, lining up seams before stitching, maintaining consistent seam allowances, and pressing for perfect nesting. Through guided, hands-on practice you'll create clean, square units that finish at the correct size — which makes assembling quilt blocks and matching points much easier and more reliable.

✂ *A quick note about irons:* Each student is responsible for bringing their own **mini iron (120V, low wattage only)**. We are not able to provide irons in the classroom, but don't worry — ironing mats will be set up and ready for you! Need a mini iron? We carry them right here at the shop
