Color Me Quilts

Let Desiree show you how to apply colored pencils to look painterly and dimensional. Learn the same technique she showed on Quilting Arts TV and in their magazine in 2015! She will be teaching you some faux techniques including blending to give a more realistic look to your designs. Once sealed these pieces become washable and permanent. It's tons of fun and can be applied to other surfaces and to your art quilts to add details and textures. **No ART EXPERIENCE NEEDED!!** Join us for a stress free day applying color and textures to our fabric. Depending on how fast you work your block should be well on its way in class and you will receive instructions for a table runner. There will be a kit fee which will include use of Desiree's supplies along with a choice from one of the pre-quilted blocks of Desiree's Flower sketches all stitched out and ready for applying your color.

You will learn:

- Color Selection
- Blending
- Shading
- How to apply the colored pencils to fabrics
- Sealing
- Other ways to incorporate pencils in your quilts
- How to create an beautiful piece of art without an art background
- and so much more

Kits will be available for an additional \$20, you will receive a pre-quilted block, and the use of all of the instructors supplies to create a beautiful piece of art that will be washable!

Desiree Habicht is an award winning artist and fiber artist. Come and be inspired and motivated by her stories and energy! You will love getting lost in the creative process as she gives you instructions on how to create these beautiful pieces of art that can be incorporated into any quilt pattern or framed as art. Beginners are welcome as no artistic experience is required.
