## Embroidery Camp Supply List

This class is designed for new (or not so new) owners that may be a little intimidated by their machines. In this class you will learn to navigate through the embroidery part of your machine. We will begin with simple projects and use the designs that are built into your machine. We will discuss what stabilizers, needles and threads to use as well. The projects we have chosen will be fun and are included in the cost of the class.

### Supplies:

#### Class #1 Embroidered Kitchen Towel
