Mary's Cork Handbag

We are always looking for something new to work with; a new fabric, textile, tools, even new sewing machines! But when we found the latest textile on the market, Cork Fabric, we just had to work with it and create a project you can do easily while trying it out. You'll love to work with cork as you mix it with fabric or Craft Tex, or just use it alone.

Supplies for class:

Sewing machine, in good working order, with power cord and foot control

Accessories:

Standard zigzag presser foot

Edge stitch foot for topstitching if desired

Thread:

Metrosene polyester thread to coordinate with fabric/cork

Cutting Tools:

Rotary cutter and 6" x 24" ruler

4" square or 6½" square ruler if you have one

Fabric scissors

Small thread scissors
