

## Ruby Apron Your Way! Supply List

Betsy Kulamer, [quilter@kulamer.com](mailto:quilter@kulamer.com)

The Ruby Apron from Rebecca Ruth Designs is as fun as it is functional! It looks fantastic in any striped fabric, but you can also mix it with prints or solids for the bib, straps, and pocket facing. The straps cross over at the back like a French smock apron. The pattern has an optional back belt, but you can use ties instead. There are lots of ways to customize this apron!

In the first class session, we will focus on fabric and design options, so you can choose your customizations. Then we will prepare the pattern pieces so you can cut them out at home. You don't need to have your fabric selected when class starts – there will be time to shop during class when you have selected your customizations. In the second class, we will sew the pieces together to make a finished apron.
